Mafia Boss Dead, Alive?

Police Without Clues In 'Kidnaping' Of Bonanno

NEW YORK (AP) — Death at the hands of underworld executioners probably was the fate of Cosa Nostra boss Joseph (Joe Bananas) Bonanno, police believe. They say they have no clues in his reported kidnaping.

Bonnano's lawyer said two gunmen forced Bonnano into a car early Wednesday on Park Avenue. He said they fired a shot at him as he chased them.

Police said Wednesday night they believed it was a kidnaping and not a ruse to enable Bonnano to avoid testifying before a federal grand jury. He had been scheduled to appear Wednesday.

Asked what might have happened to Bonnano, Asst. Chief Inspector Walter F. Henning said: "You don't find them alive any more. After all, we've never found Tony Bender."

Anthony (Tony Bender) Strollo disappeared from his home in Fort Lee, N.J., two years ago. Mobster Joseph Valachi testified last year before the Senate Crime subcommittee that Strollo was murdered by the Cosa Nostra, also known as the Mafia or the Syndicate.

Valachi also told the committee that Bonanno was one of the top figures in the Cosa Nostra, and the chieftain of one of five "families" or gangs that control the rackets in metropolitan New York.

Bonanno, 59, who maintains homes in Brooklyn and Tucson, Ariz., was at the Apalachin, N.Y., underworld convention in 1957 that was broken up by State Police.

Detectives and FBI agents searched the city for Bonanno and began rounding up his acquaintances and relatives. They said they were seeking Bonanno's son, Salvatore, who is married to a niece of the late Joseph Profaci, once a Brooklyn Mafia leader.

Five of the Bonanno gang appeared Wednesday before the grand jury, which is probing organized crime.

His lawyer, William Power Maloney, also went before the jury. He said later that he outlined events of the kidnaping.

Maloney told police that he, a law associate and Bonanno had just driven up to Maloney's apartment house on Park Avenue near 36th Street when Bonanno was overpowered by two gunmen whom he did not recognize.

He said Bonanno appeared to be struggling as the car sped off in the rain.

"Any suggestion that this was a dodge to get him out of appearing before the grand jury is utterly ridiculous," he said. "When they begin pegging shots at you on Park Avenue, that's getting pretty rough."

Chinese Spurn Johnson On Signing A-Test Pact

President Says Smear Hurts GOP

Feels It's Causing Party Members To Desert Leaders

WASHINGTON (AP) — President Johnson says a "smear lash" is causing Republicans to desert "the temporary leaders of their party."

The President, who takes time off from campaigning today to attend memorial services for former President Herbert Hoover in New York, addressed a cheering throng Wednesday night in downtown St. Louis, Mo.

He said a Republican leader in Illinois, whom he did not identify, had told him that in the previous 48 hours there had been marked defections of party members from the GOP ticket.

"He told me," Johnson said, "that it's not the backlash and it's not the front lash, it's the smear lash. When some people get desperate they get dangerous. When they get dangerous they are not cautious. And when they get to smearing, the people do not want to go along."

As he rode into the crowd of several thousand persons at a street corner in St. Louis, Johnson obviously did not see a sign borne aloft which said: "Jenkins, Johnson's Profumo."

Walter W. Jenkins, formerly a top Johnson aide, was asked by the President to resign after it became known he had twice been arrested on morals charges.

Johnson supporters wrestled the sign down and the President observed: "There are a few like this in every crowd. But as the days go on they get fewer and fewer."

Johnson bore down on the theme that "peace is the most important issue in this campaign." He said there could not be the kind of "total victory" his opponent has been advocating.

"In a world such as this — a nuclear world — there is no room for bluster and bluff and belligerence," he said. "There is room only for courage, intelligence and reason."

Johnson said the Republican policies "are built on dangerous foundations, because they talk about 'a nuclear war as if it were inevitable and a nuclear bomb as if it were 'merely another weapon.'"

Wherever he went, Johnson attracted large street crowds. He remarked at one point that "I never saw so many smiling faces."

Flying to Kansas City, Mo., from Akron, Ohio, the President spent 25 minutes discussing politics and the campaign with former President Harry S. Truman, hospitalized after a fall last week.

DESTROYER DAMAGED. Fire raged through the Todd Shipyards area on Harbor Island in Seattle, Wash., Wednesday. The fire, which started in the drydock area, damaged the Destroyer USS Marshall, which was there for repairs. A minesweeper, the USS Toucan, was towed away from the area. The fire, once thought out, raged up again and all Seattle downtown fire fighting equipment, fire boats and Coast Guard fire boats were on the scene. (UPI Telephoto)

Call Again For Global Conference

Answer By U.S. Expected To Urge Reds Okay Treaty

WASHINGTON (AP) — Communist China rejected today President Johnson's suggestion that it sign the limited nuclear test ban treaty and repeated its call for a global summit meeting to abolish nuclear weapons.

It had been expected that the United States would answer this call by proposing through diplomatic channels that the Peking regime sign the test ban treaty which more than 100 nations have signed.

President Johnson, in fact, said Sunday night in a televised speech to the nation: "We call on the World — especially Red China — to join the nations which have signed it (the treaty)."

An editorial today in the official Peking People's Daily called the treaty "nothing but a fraud."

"China is by no means obsessed by the idea of possessing nuclear weapons," the editorial continued. "It will stop developing them as soon as U.S. imperialism does so."

The newspaper, official organ of the Chinese Communist party, said the proposal for abolition of nuclear weapons by a world summit meeting is "practical, reasonable, easily feasible and involves no question of control."

300,000 Would Return To Jobs

UAW Vote Slated Sunday On Ending Strike At GM

DETROIT (AP) — An end to the economy-pinching, 28-day-old strike against gigantic General Motors Corp. may come over the weekend.

And if it does, it will return more than 300,000 automakers to assembly lines and still more thousands to jobs in supplier plants and the transportation industry. Idled auto workers alone will have lost some $200 million in wages.

The United Auto Workers Union Wednesday ordered its 130 units within the GM empire to take a vote Sunday on ending the strike.

President Johnson prodded both company and union Monday for speedy agreement. He said strike continuance would "jeopardize the continuous upward thrust of our economy" and it was beginning to affect production and employment in other industries.

Leonard Woodcock, a UAW vice president and chief of its GM department, said the vote call was prompted in part by the President's request for settlement action.

He said two other consideration were involved: 1. The pocketbook-pinch on UAW members and their families. 2. The strike's deteriorating effect on the national economy.

The walkout came Sept. 25 in support of union demands in new national contract bargaining. But when agreement was reached Oct. 5 on a new over-all national contract, the UAW made return to work contingent on settlement of at the plant working agreements which supplement it.

Auto labor contracts often have set national patterns. But in expressing pleasure when the Oct. 5 agreement was reached, President Johnson cautioned less profitable industries against following what he called a generous settlement.

The auto companies have announced they expect to hold the line generally on new car prices. The President said this was welcome news, because a new round of inflation could erode the nation's export surplus and undermine American business.

The new economic packages in autos include sharply higher pensions, early retirement incentives, longer vacations, two new holidays, more relief time and broader insurance coverage, plus wage increases. A Christmas bonus of $25 to $100 is possible also at Ford and General Motors.

Chrysler and Ford came to terms ahead of GM, and UAW President Walter P. Reuther estimated the pacts worth 54 cents hourly over their three-year span.

Strike impact on the economy, which President Johnson mentioned, has been reflected in many places.

At Flint, Mich., a GM manufacturing center, more than 900 non-GM workers have been laid off because of the strike.

And some 51,000 of GM's 60,000 hourly rated workers in Flint also were out of work.

In striking GM, the UAW ordered members working in its plants selling parts and accessories to Ford and Chrysler to stay on the job. Otherwise all GM plants across the country would have been closed. Some 50,000-plus stayed on the job, feeding Chrysler and Ford.

Consequently, with GM assembly lines down, auto production sagged last week to 79,990 cars, compared with 179,422 in the corresponding week a year earlier.

At the same time Ford and Chrysler-Plymouth reported racking up their biggest Oct. 1-10 sales in history, while GM's dealers, who got fewer than 300,000 of its new 1965 models before the strike, were out of cars.

Political Activity Halts

Brief Rites Held For Ex-President

NEW YORK (AP) — National political activity was suspended today for a brief funeral service for former President Herbert Hoover.

All four top candidates halted campaign tours to attend the services in St. Bartholomew's Episcopal Church on Park Avenue.

The services are scheduled for 3:30 p.m. (Eastern Standard Time).

About 17,500 persons filed through the big romanesque church Wednesday past the closed, flag-draped coffin of the 31st president.

He died Tuesday at the age of 90 in his 31st-floor suite in the Waldorf-Astoria Towers.

President Johnson and Sen. Hubert H. Humphrey and their Republican opponents, Sen. Barry Goldwater and Rep. William E. Miller, planned to attend the private services.

So did former President Dwight D. Eisenhower and former Vice President Richard M. Nixon.

Former President Harry S. Truman was hospitalized in Kansas City by injuries suffered in a fall.

Hoover's family — two sons, six grandchildren and nine great-grandchildren — asked that eulogies be omitted.

Although Hoover was a Quaker, the Episcopalian Church was chosen for the funeral because of its nearness to his home, his acquaintance with the Rev. Dr. Finlay, and because his wife's funeral was conducted there 20 years ago.

Admission to the funeral in the 1,250-seat church was by invitation only. The public was to be permitted to file by the coffin again today until 90 minutes before the start of the service.

The coffin will be driven to Pennsylvania Station Friday morning and taken by train to Washington, where Hoover will lie in state in the rotunda of the Capitol on the same catafalque used for Presidents Lincoln and Kennedy.

The body will be flown to Cedar Rapids, Iowa, for a Sunday afternoon burial at West Branch, where Hoover was born, son of the village blacksmith.

Mrs. Hoover was buried at Stanford University in California where she met her husband. Her remains will be removed to rest beside her husband's on a knoll overlooking his birthplace, a two-room cabin.

Barry Sees New Trouble With Reds

Doesn't Agree With Johnson Tensions Will Be Eased Now

WASHINGTON (AP) — Sen. Barry Goldwater says the U.S. wheat sale to the Soviet Union, coupled with aid to Communist satellites, "has actually helped Russia herself to the point that she can put a team in that can depose Khrushchev and lean more heavily to Red China."

Addressing a crowd that packed the Union League Club in Philadelphia Wednesday night, the GOP presidential nominee forecast new troubles with the Communist world and said of the recent Kremlin shakup: "I don't agree with the President that this is going to ease tensions."

The Republican nominee for the White House postponed a day of campaigning in the West and was due instead to attend a private memorial today for Hoover, who died Tuesday.

Pressing his quest for votes in southeastern Pennsylvania Wednesday, the Arizona senator invoked Hoover's memory time and again.

He called the former president a great patriot, a man who stood for honesty, a leader wise in foreign and fiscal affairs.

"I remember some of the first political advice he ever gave me," Goldwater said. . . . "He said that a government that is big enough to give you all you want is big enough to take it all away."

Goldwater devoted considerable attention to foreign policy, both in his Pennsylvania speeches and in a nationally

Gusty Winds Lash District

Man Hurt, Traffic Light Blown Down

High winds buffeted the Tri-State District late Wednesday as a turbulent front moved through, bringing milder temperatures than had been forecast but clearing the atmosphere for much colder weather tonight.

A traffic light was damaged and a city man was injured in a fall attributed to the gusty winds.

George Pat May, 35, of 1953 St. Clair Ave. was hospitalized with a fractured foot after a 10-foot fall from the roof of a sun porch at home.

May, a barber, was installing a storm window when a gust of wind blew him off balance. He was in "good" condition today at City Hospital.

The traffic light at E. 5th and Washington Sts. was blown down in a high gust of wind about 5:30 p. m.

Pending repair of the damaged signal, a stop sign was erected temporarily on a pedestal on Washington St., giving E. 5th St. motorists the right-of-way.

Safety-Service Director Robert E. Vodrey said the damaged signal will be repaired by the Sayre Electric Co., which has been doing electrical work on contract with the city since the resignation of Electrician Fred Kane in mid-September.

He said the intersection will be without a light pending the repair, as the city does not have a spare it can put in service temporarily.

Temperatures were scheduled to drop near freezing last night, but the downtown had a mild 42 at 6 a. m. today and the cold snap now is forecast for tonight with a sub-freezing 28 to 32 expected. Friday will continue cold.

Rowbottom Elected, 2 Others Named By IBOP

The Executive Board of the International Brotherhood of Operative Potters Wednesday unanimously appointed new fifth and 10th vice presidents and announced the victory of Bernard Rowbottom of Redlands, Calif., over a New Jersey resident in the Oct. 13 election of a second vice president. The board met at the Allegheny Motor Inn at Pittsburgh.

Rowbottom, a caster and member of Local 214 in Redlands, was chosen second vice president over Joseph T. Leadem of Local 49 of Trenton. His victory was announced after the ballots were counted Tuesday by a canvassing committee.

Rowbottom succeeds William Rail of Huntington Park, Calif., who resigned June 1. He is married and has a family. In May 1961, Rowbottom was elected as a 10th vice president.

S. L. Fullerton of Local 218 at Torrance, Calif., was named new 10th vice president and Joseph Guadagno of Trenton Local 181 was named fifth vice president, both unanimously.

Guadagno succeeds Arthur Devlin, who died in March. He is financial secretary of Local 181 at the Wenczel Tile Co. in Trenton and is married with a family.

Fullerton is president of Local 218 at Torrance and is an employe of the American Standard plant there. He has represented the Brotherhood in the past as an organizer in the Texas area. He is also married with a family.

United Fund Hits $30,807 In Campaign

The United Fund drive collections now total $30,807, almost one - third of the way to the goal of $110,000, James Locke, campaign chairman, announced today.

A meeting of division leaders and the Executive Board of the fund group is scheduled Monday night at 7:30 at the YMCA for latest reports in the campaign.

Locke, pointing out major contributors have increased their gifts over 1963 because of the addition of two new agencies, urged individuals to follow suit.

"The vital need to continue support for these community service organizations, and to achieve the goal of a united drive for conveniences and economy requires each person to give his fair share," Locke said.

The campaign leader said one hour's pay each month is the quota for individual donors to meet in order to provide the financial aid for the community's young people, the needy, the handicapped, the aged and others with welfare wants.

Ex-Premier Was Fighting Mad

5 Policemen Brought 'K' To Moscow, Report Says

MOSCOW (AP) — Five Soviet secret policemen brought Nikita Khrushchev back fighting mad from his Black Sea vacation to the Communist party meeting that threw him out of office, informed sources reported Wednesday.

The first tip Khrushchev had that the party Central Committee had assembled in Moscow came in a telephone call, possibly from Leonid I. Brezhnev, the man who succeeded him as first party secretary, they said.

The sources say members of the Central Committee began gathering in Moscow Oct. 11 or 12 after being summoned from as far away as New Delhi, where the Soviet ambassador is a committee member.

Charges were drawn up, including bungling of the Red China dispute, industrial and agricultural failures, personal excesses and creation of a personality cult.

The informants gave this account of the events that followed.

Then someone telephoned Khrushchev at Gagra, a resort on the Black Sea, telling him to return to Moscow for a committee meeting on policy matters. Khrushchev angrily replied he was first secretary and would decide upon meetings. He could not be ordered around.

The secret police turned up at Gagra a short time later and five of them escorted Khrushchev to Moscow. The sources declined to use the term "arrest" but said the pressure approached that.

Little is slated for an extradition hearing Friday before Judge James McClure of Hancock County Circuit Court. The hearing will be held in Wheeling.

Officers said they did not learn immediately the nature of Little's charge, other than he had been sentenced to a year in state prison.

300,000 Would Return To Jobs

UAW Vote Slated Sunday On Ending Strike At GM

DETROIT (AP) — An end to the economy-pinching, 28-day-old strike against gigantic General Motors Corp. may come over the weekend.

And if it does, it will return more than 300,000 automakers to assembly lines and still more thousands to jobs in supplier plants and the transportation industry. Idled auto workers alone will have lost some $200 million in wages.

The United Auto Workers Union Wednesday ordered its 130 units within the GM empire to take a vote Sunday on ending the strike.

President Johnson prodded both company and union Monday for speedy agreement. He said strike continuance would "jeopardize the continuous upward thrust of our economy" and it was beginning to affect production and employment in other industries.

Leonard Woodcock, a UAW vice president and chief of its GM department, said the vote call was prompted in part by the President's request for settlement action.

He said two other consideration were involved: 1. The pocketbook-pinch on UAW members and their families. 2. The strike's deteriorating effect on the national economy.

The walkout came Sept. 25 in support of union demands in new national contract bargaining. But when agreement was reached Oct. 5 on a new over-all national contract, the UAW made return to work contingent on settlement of at the plant working agreements which supplement it.

Auto labor contracts often have set national patterns. But in expressing pleasure when the Oct. 5 agreement was reached, President Johnson cautioned less profitable industries against following what he called a generous settlement.

The new economic packages in autos include sharply higher pensions, early retirement incentives, longer vacations, two new holidays, more relief time and broader insurance coverage, plus wage increases. A Christmas bonus of $25 to $100 is possible also at Ford and General Motors.

Chrysler and Ford came to terms ahead of GM, and UAW President Walter P. Reuther estimated the pacts worth 54 cents hourly over their three-year span.

Strike impact on the economy, which President Johnson mentioned, has been reflected in many places.

At Flint, Mich., a GM manufacturing center, more than 900 non-GM workers have been laid off because of the strike.

And some 51,000 of GM's 60,000 hourly rated workers in Flint also were out of work.

In striking GM, the UAW ordered members working in its plants selling parts and accessories to Ford and Chrysler to stay on the job. Otherwise all GM plants across the country would have been closed. Some 50,000-plus stayed on the job, feeding Chrysler and Ford.

Consequently, with GM assembly lines down, auto production sagged last week to 79,990 cars, compared with 179,422 in the corresponding week a year earlier.

At the same time Ford and Chrysler-Plymouth reported racking up their biggest Oct. 1-10 sales in history, while GM's dealers, who got fewer than 300,000 of its new 1965 models before the strike, were out of cars.

Brief Rites Held For Ex-President

NEW YORK (AP) — National political activity was suspended today for a brief funeral service for former President Herbert Hoover.

WASHINGTON (AP) — Sen. Barry Goldwater says the U.S. wheat sale to the Soviet Union, coupled with aid to Communist satellites, "has actually helped Russia herself to the point that she can put a team in that can depose Khrushchev and lean more heavily to Red China."

Addressing a crowd that packed the Union League Club in Philadelphia Wednesday night, the GOP presidential nominee forecast new troubles with the Communist world and said of the recent Kremlin shakup: "I don't agree with the President that this is going to ease tensions."

The Republican nominee for the White House postponed a day of campaigning in the West and was due instead to attend a private memorial today for Hoover, who died Tuesday.

Pressing his quest for votes in southeastern Pennsylvania Wednesday, the Arizona senator invoked Hoover's memory time and again.

He called the former president a great patriot, a man who stood for honesty, a leader wise in foreign and fiscal affairs.

"I remember some of the first political advice he ever gave me," Goldwater said. . . . "He said that a government that is big enough to give you all you want is big enough to take it all away."

Goldwater devoted considerable attention to foreign policy, both in his Pennsylvania speeches and in a nationally

Rowbottom Elected, 2 Others Named By IBOP

The Executive Board of the International Brotherhood of Operative Potters Wednesday unanimously appointed new fifth and 10th vice presidents and announced the victory of Bernard Rowbottom of Redlands, Calif., over a New Jersey resident in the Oct. 13 election of a second vice president. The board met at the Allegheny Motor Inn at Pittsburgh.

Rowbottom, a caster and member of Local 214 in Redlands, was chosen second vice president over Joseph T. Leadem of Local 49 of Trenton. His victory was announced after the ballots were counted Tuesday by a canvassing committee.

Rowbottom succeeds William Rail of Huntington Park, Calif., who resigned June 1. He is married and has a family. In May 1961, Rowbottom was elected as a 10th vice president.

S. L. Fullerton of Local 218 at Torrance, Calif., was named new 10th vice president and Joseph Guadagno of Trenton Local 181 was named fifth vice president, both unanimously.

Guadagno succeeds Arthur Devlin, who died in March. He is financial secretary of Local 181 at the Wenczel Tile Co. in Trenton and is married with a family.

Fullerton is president of Local 218 at Torrance and is an employe of the American Standard plant there. He has represented the Brotherhood in the past as an organizer in the Texas area. He is also married with a family.

Guadagno will work out of the East Coast office, and Fullerton from the West Coast office as is customary.

The next meeting of the Board will be Dec. 7 in New York City.

United Fund Hits $30,807 In Campaign

The United Fund drive collections now total $30,807, almost one - third of the way to the goal of $110,000, James Locke, campaign chairman, announced today.

A meeting of division leaders and the Executive Board of the fund group is scheduled Monday night at 7:30 at the YMCA for latest reports in the campaign.

Locke, pointing out major contributors have increased their gifts over 1963 because of the addition of two new agencies, urged individuals to follow suit.

"The vital need to continue support for these community service organizations, and to achieve the goal of a united drive for conveniences and economy requires each person to give his fair share," Locke said.

The campaign leader said one hour's pay each month is the quota for individual donors to meet in order to provide the financial aid for the community's young people, the needy, the handicapped, the aged and others with welfare wants.

Sartre Wins Nobel Prize In Literature

STOCKHOLM (AP) — The Swedish Academy of Letters today awarded the 1964 Nobel Prize for literature to French playwright-novelist Jean - Paul Sartre.

The academy in its citation spoke of Sartre's "imaginative writing, which by reason of its spirit of freedom and striving for truth has exercised a far-reaching influence on our age."

The 59-year old writer-philosopher was reported by sources here to have written the academy in advance declining the prize for "personal and objective reasons." Sartre since has gone into hiding.

The prize sum this year is a record-high 273,000 crowns ($53,123). Sartre was quoted by friends as saying he does not want any prize "whether a sack of potatoes or a Nobel Prize."

If Sartre refuses to accept the prize money the academy may put the money back into its funds.

Frenchman To Refuse Prize In Literature

PARIS (AP)—Jean-Paul Sartre, French playwright - philosopher, said today he will refuse the Nobel Prize for Literature awarded by the Swedish Academy of Letters.

Sartre told a French newsman that he will give an explanation later to the Swedish press. He said that meantime he will have no comment.

Sartre earlier had told friends that he intended to reject the prize if it was awarded to him.

Ex-Premier Was Fighting Mad

5 Policemen Brought 'K' To Moscow, Report Says

MOSCOW (AP) — Five Soviet secret policemen brought Nikita Khrushchev back fighting mad from his Black Sea vacation to the Communist party meeting that threw him out of office, informed sources reported Wednesday.

The first tip Khrushchev had that the party Central Committee had assembled in Moscow came in a telephone call, possibly from Leonid I. Brezhnev, the man who succeeded him as first party secretary, they said.

The sources say members of the Central Committee began gathering in Moscow Oct. 11 or 12 after being summoned from as far away as New Delhi, where the Soviet ambassador is a committee member.

Charges were drawn up, including bungling of the Red China dispute, industrial and agricultural failures, personal excesses and creation of a personality cult.

The informants gave this account of the events that followed.

Then someone telephoned Khrushchev at Gagra, a resort on the Black Sea, telling him to return to Moscow for a committee meeting on policy matters. Khrushchev angrily replied he was first secretary and would decide upon meetings. He could not be ordered around.

The secret police turned up at Gagra a short time later and five of them escorted Khrushchev to Moscow. The sources declined to use the term "arrest" but said the pressure approached that.

Man Killed By Car

CINCINNATI (AP) — Police said Robert Brown, 39, Corryville, was killed Wednesday night when he stepped into a street and apparently fell beneath the wheels of a car. The driver was not held.

State Police Arrest Fugitive From South

West Virginia State Police took into custody a fugitive from North Carolina Wednesday in Hancock County.

William Henry Little of Wadesboro, N. C., an escapee from state prison in Charlotte, was arrested at Waterford Park Race Track, where he had been working as a groom for several weeks, State Police in Weirton reported.

Little is slated for an extradition hearing Friday before Judge James McClure of Hancock County Circuit Court. The hearing will be held in Wheeling.

Officers said they did not learn immediately the nature of Little's charge, other than he had been sentenced to a year in state prison.

Gusty Winds Lash District

Man Hurt, Traffic Light Blown Down

High winds buffeted the Tri-State District late Wednesday as a turbulent front moved through, bringing milder temperatures than had been forecast but clearing the atmosphere for much colder weather tonight.

A traffic light was damaged and a city man was injured in a fall attributed to the gusty winds.

George Pat May, 35, of 1953 St. Clair Ave. was hospitalized with a fractured foot after a 10-foot fall from the roof of a sun porch at home.

May, a barber, was installing a storm window when a gust of wind blew him off balance. He was in "good" condition today at City Hospital.

The traffic light at E. 5th and Washington Sts. was blown down in a high gust of wind about 5:30 p. m.

Pending repair of the damaged signal, a stop sign was erected temporarily on a pedestal on Washington St., giving E. 5th St. motorists the right-of-way.

Safety-Service Director Robert E. Vodrey said the damaged signal will be repaired by the Sayre Electric Co., which has been doing electrical work on contract with the city since the resignation of Electrician Fred Kane in mid-September.

He said the intersection will be without a light pending the repair, as the city does not have a spare it can put in service temporarily.

Temperatures were scheduled to drop near freezing last night, but the downtown had a mild 42 at 6 a. m. today and the cold snap now is forecast for tonight with a sub-freezing 28 to 32 expected. Friday will continue cold.

EAST LIVERPOOL REVIEW

A Dependable Newspaper Serving the Tri-State District

Published Daily Except Sunday
By Brush-Moore Newspapers, Inc.

Established Oct. 25, 1879
Member Associated Press

Thursday, October 22, 1964 — Page 4

Wayne L. Hays For Congress

A veteran of the legislative wars at Washington and a Wellsville businessman are opposing each other for the congressional seat from Ohio's 18th District in the Nov. 3 general election.

Rep. Wayne L. Hays, Democrat from Flushing, is seeking his ninth two-year term.

His Republican opponent is Allen J. Dalyrmple.

Mr. Dalyrmple is a dedicated office-seeker with firm principles and, if given the opportunity, there is reason to believe he could become a competent representative of the 18th District in the nation's capital.

It would take considerable time, however, before he could even begin to assume the status of his opponent in the halls of Congress. And seniority and influence mean much if things are to be accomplished.

When Mr. Hays was running for re-election in 1962 for his eighth two - year term, The Review editorialized, in part, as follows:

"Wayne Hays, without question, has been the district's most active legislator in Washington in many years and, because of his seniority and influence, is highly regarded by constituents in both parties. . .

"He has proved by his occasional attacks on the actions of fellow Democrats that he has the courage of his own convictions and is an able representative of his home district and taxpayers in general . . ."

Nothing has happened since 1962 to alter this thinking. In fact, it has been buttressed by Mr. Hays' additional years in Congress.

This month he was reappointed chairman of the House delegation to the NATO parliamentarians' conference for the ninth consecutive time. He continues to be active in the important foreign affairs committee, is chairman of the subcommittee of the State Department on personnel and foreign operation and is a member of the House administrative committee.

Mr. Hays knows his way around in national and international affairs. His broad political experience and leadership cannot be overlooked.

We support his re-election to a ninth term.

Taft For U.S. Senator

The Review strongly endorses Robert Taft Jr. for U.S. senator.

It does so with the conviction that here is one of the brightest young stars in the political firmament—a man whose talents, judgment and comprehension could carry him some day to the highest office in the land.

But the immediate choice is between two candidates with sharply defined differences in political philosophy.

Mr. Taft's opponent is Stephen M. Young, who at 75 is completing his first term in the U.S. Senate.

Sen. Young has been an ardent supporter of the Democratic administration and points with pride to his voting record, which we feel has, more often than not, fallen short of the expectations and aspirations of his Ohio constituents.

MR. TAFT, on the other hand, has not aligned himself with either end of the political spectrum. He describes himself as a liberal on civil rights and a conservative in fiscal matters.

He is not a flamboyant politician. He has a facility for remaining calm even under the most trying circumstances. But he is a man of firm conviction, of reasoned judgment and high principles.

When he states his position on impending legislation, which he has done so often as a member of the Ohio House of Representatives for four terms and Ohio congressman-at-large for one term, he does it so convincingly and with such logic that even veteran legislators are impressed with his mature approach.

In Congress, Mr. Taft has been alert to situations affecting Ohio and has made his voice heard. He could be expected to exert even greater influence in the Senate.

THE TAFT FAMILY has a heritage of public service. Young Bob is the grandson of a president and chief justice of the U.S. Supreme Court and the son of a great senator who was honored with the label "Mr. Republican." But he is no coattail rider. He is well able to make it on his own.

While Sen. Young's days of effectiveness for his party's cause are pretty much behind him, Mr. Taft, at 47, has a future of many promising years to give to his state and his nation.

Ohio voters will be performing a high service for responsibility in government if they elect Bob Taft to the U.S. Senate Nov. 3. The choice on every count is clearly with him.

Lines Of Communication

A significant difference of opinion has flared up in the advertising industry over the role of Mrs. Esther Peterson, special assistant to the President for consumer affairs and an assistant secretary of labor.

It is charged on the one hand that Mrs. Peterson is showing hostility to the American businessman and the advertising industry. This is the view of Printers' Ink, weekly magazine of advertising and marketing, which charges she may be taking up cudgels for consumers against advertisers and manufacturers.

On the other hand, it is pointed out that Mrs. Peterson, herself, says she is trying only to set up better lines of communication between manufacturers and consumers, which is what the advertising industry, itself, tries to do.

"Appliance Manufacturer," a trade magazine for the appliance industry, asked Mrs. Peterson to make her own statement of intent in its October issue. She wrote:

"I do not view this appointment (special adviser on Consumer Affairs) as a move to establish a 'consumer car,' championing consumers as a special group, or on an individual basis at all costs and in all matters. I have no wish to become an umpire. Rather, I see my role as opening another line of communication between consumers and industry and to speak for consumers with the 'clear strong voice' which President Johnson requested in his consumer message."

The advertising industry is sensitive and alert to interference and intervention. It knows why the price of its freedom is eternal vigilance. But until Mrs. Peterson has given some overt sign of wanting to interfere or intervene, she should not stand accused.

After all, the advertising industry has a multi-billion-dollar stake in consumer confidence that Mrs. Peterson could help to maintain and enhance if she does what she says she wants to do—open another line of communication between consumers and industry.

It Takes Time

By Truman Twill

One of the younger men in our office fice was talking to me about Herbert Hoover.

He said he grew up in an atmosphere of Hoover hatred. The depression that gripped the nation in the '30s had hurt his family.

President Hoover became the scapegoat for the resentment his father and mother felt, as he did for millions of Americans in those dismal years.

They were encouraged to hate him by a campaign of political hate-mongering never matched for intensity and longevity. The man who directed the campaign was Charles Michelson, director of publicity for the Democratic National Committee. He wrote about it afterward.

He was credited with a 20th century masterpiece of character destruction. He changed Herbert Hoover from the heroic food administrator who saved lives in Europe to an ogre who caused Americans to stand in bread lines or hurl themselves from high places when their paper fortunes disappeared in the economic collapse that began in 1929 and still hadn't been recovered from in 1939, when Hitlerian Germany ran amuck.

MY ASSOCIATE said he was to learn later that Herbert Hoover did not maliciously cause the depression; that he was the same great man in the presidency he had been before and was to be afterward.

As an admirer of the 31st president, I explained how the defamation worked. Mr. Hoover would have been unpopular in any circumstances, because of the disenchantment that hit the nation after he had been elected in a bitter election in 1928.

The Catholic issue had been ripped wide open through the candidacy of Alfred E. Smith, another first-rate man who was a victim of hatred. Everything was ripe for hatred.

The Hoover campaign had stressed prosperity and an end to poverty. The crash that wiped out paper wealth also wiped out hope, faith, charity and just about everything else.

It was a bad time. People switched from a fallen hero to an ascendant hero, Franklin D. Roosevelt, with consequences that were to make political history, not all of it good.

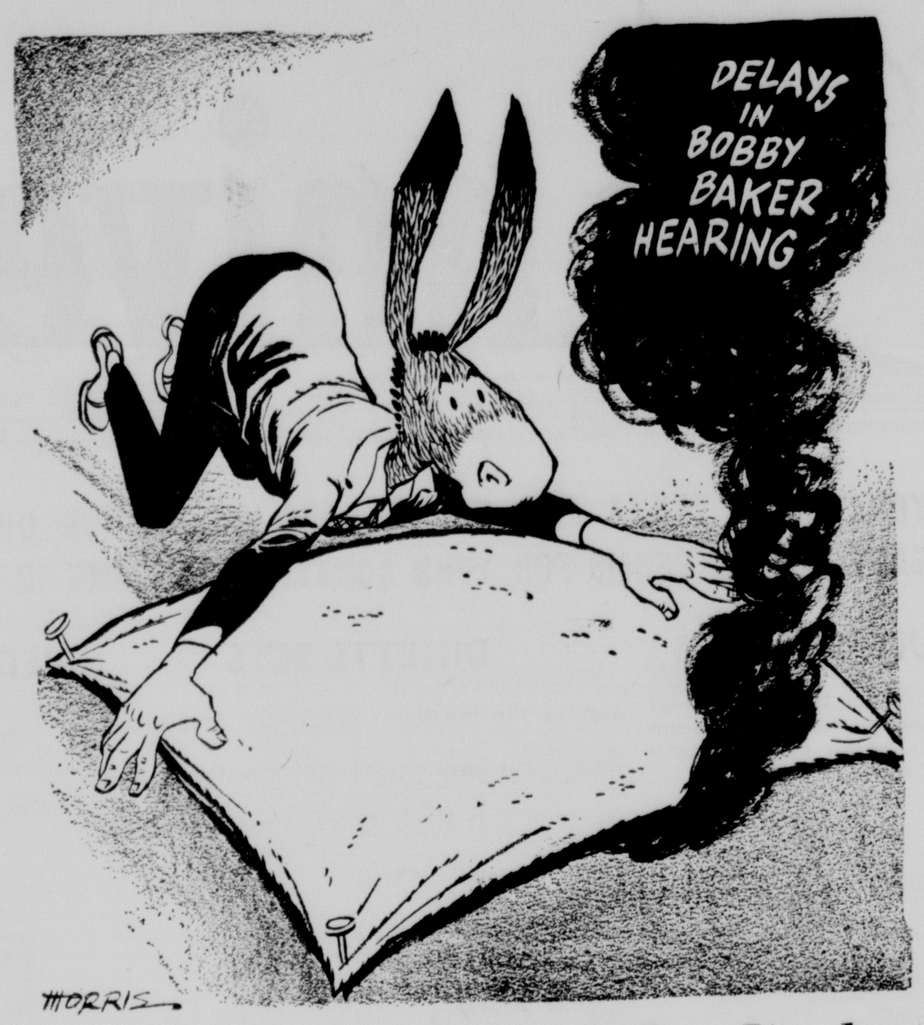

The bad part cannot be talked about frankly in the heat of a national campaign; the heat, itself, is the bad part.

The Michelson method was to keep the air full of so many brickbats and dead cats that nothing could be done about them. And because he explained the method and every knowledgeable political strategist has memorized it, character destruction has become one of the main reliances of presidential campaigning.

IT HAS BEEN demonstrated beyond doubt that the American people want to believe the worst about public personalities. They will swallow anything they are told about a political opponent. They have a voracious appetite for slander, defamation and the malicious innuendo that leaves the worst to prurient imaginations.

Once a man has been subjected to this, he never feels the same about his countrymen. It may take them, in turn, a third of a century or so to feel remorseful. But not every victim of the treatment can live to the ripe age of 90 to provide time for this. Herbert Hoover was lucky.

Revolts Staged Against Labor Leaders

By Victor Riesel

Labor leaders have been making so many speeches these days glorifying the spirit of independence, their followers have begun to take them seriously. From coast-to-coast the rank and file and some of their officers are in revolt — against the labor leaders.

Victor Riesel

Unnoticed by the general public, which is engrossed in other election campaigns, the rebels inside labor have been ousting national presidents as well as local officials. The rank and file have been demanding bigger and bigger gains in each contract and insisting on lower dues.

Pacts made by national labor leaders with large companies have been rejected by membership meetings. Requests from national union headquarters for increases in dues have been rebuffed by national convention delegates.

Even world renowned international union presidents are being challenged by rivals.

THE MOST dramatic case is the campaign of one Paul Jennings against the youngest of the old timers, the now graying 51-year-old James Carey, head of the International Union of Electrical Workers, once the boy wonder of the labor movement. He has never been challenged since he took IUE office in 1949 — or for that matter during the 15 years he was national secretary-treasurer of the former Congress of Industiral Organizations (CIO).

But now — after a recent convention during which one man was choked for a while on the stage, microphones were shut off, the opposition leader stood for eight hours futilely demanding the floor, glass ash trays were replaced by fly-weight tin ones and a cabinet rank official left in disgust without making his speech — there is a referendum election being conducted. The ballots will be counted somewhere around Nov. 20. Jennings, a New Jersey leader, is running against Jim Carey.

THIS REVOLT has flared through unions ranging from the barbers to teachers, from fire fighters to textile workers, from municipal employes to paper makers. In most of these mutinies the rebels have won.

In Bellingham, Wash., the other day, I ran into some leaders of a band of thousands of rebellious paper mill employes.

They were typical of other labor rebels, but luckier from their point of view. They had fought the leaders of two old unions, the United Papermakers and Paperworkers and the International Brotherhood of Pulp, Sulphite and Paper Mill workers.

The national chiefs of the two major unions had made as good a new wage agreement as they thought possible with 18 companies operating mills and woodlands. The new contract was referred to the membership. The rebel leaders said, in effect, they wanted more.

THE PACT was rejected, the rebels called for secession and soon they had 21,000 employes of 49 mills with them in a new independent union called the Association of Western Pulp and Paper Workers. The new leaders several weeks ago defeated the old unions in a labor board election despite the added opposition of the national AFL-CIO headquarters.

About the same time on the other side of the nation, in New York, rebels were challenging Sal Maso, president of the Wood, Wire and Metal Lathers International Union at a convention in the Hotel Astor. He won re-election by a narrow margin. There was a similar fight against William Buck, president of the Fire Fighters Union. He won. But it wasn't easy.

In recent months the national leadership of the American Federation of Teachers, headquartered in Chicago, changed hands when New York's militant, Charles Cogen, took over by little more than a score of votes. Cogen, as leader of the New York teachers union, led the strike against the city's huge educational system.

EARLIER THIS year a young New Yorker, Jerome Wurf, took the presidency of the State, County and Municipal Workers from the veteran Arnold Zander, the only labor leader ever to earn a PhD.

Revolt has flash fired through the Textile Workers Union, the Building Service Employes, scores of United Automobile Workers locals, Rubber Workers, and other national organizations.

Usually the winners of these battles have purged the opposition — but have not killed off the rebels politically.

Why all this unrest? There are many reasons! Greed of the rank and file, impatience of the "younger" officials who see themselves growing old waiting for the leadership to retire and sometimes anger against iron-handed rule in labor's executive suites. Looks like the old days are coming back again.

Psychiatric Computer

By Earl Ubell

POUGHKEEPSIE, N.Y. — A Mayo Clinic psychologist has turned a computer into a part time psychiatrist. He just pushes a button and an electric typewriter starts chattering:

"Patient is probably somewhat eccentric, seclusive and withdrawn. Has many internal conflicts. Consider psychiatric evaluation."

The piece of paper goes to a physician — and internist—who uses the information the computer has given him to make his next move. If warrented, he then calls in a psychiatrist.

Dr. Wendell M. Swenson, the psychologist, described his computer qua psychiatrist at the sixth Medical Symposium at Poughkeepsie, N.Y.

"Don't get this wrong," Dr. Swenson said, "this machine is not going to replace the psychiatrist. It merely raises a flag for the examining doctor."

The machine bases its personality analysis on an extensive psychological test known as the Minnesota Multiphasic Personality Inventory (MMPI). It consists of 550 true-false statements which when scored provide clues to personality.

At each patient arrives at the Mayo Clinic at Rochester, Minn., for a medical exam, he takes the test among the many medical tests the day before he goes to see his first doctor at 8 a.m.

The test is printed on IBM cards which the patient marks with an electro-sensitive pencil. When the cards ar dropped into the machine, the computer automatically scores them. In 18 seconds, it prints out a personality profile.

So far, the clinic has given the test to 25,000 medical patients. A survey among the doctors there indicates that it provides clues to treatment and further diagnosis since most of the physicians say they like to have that slip of computer paper when they first see the patient.

After all, it picks out not only the patient in mental trouble but can also print out:

"Patient quite well organized thinking. Follows instructions."

That tells the doctor that he can prescribe and be reasonably certain that the patient will follow the prescription.

The ceremonial saluting by fire developed after the introduction of cannon to warfare. A victor would demand a cannon salute, possibly to make sure the defeated enemy's guns were empty.

The world is told, for instance, that a treaty which bans certain nuclear testing is a great achievement and all that is necessary now is to persuade Red China to join the signatories of that pact.

Not a word is spoken about the graver danger involved in the actual use of nuclear weapons. It's the continued existence of an arsenal of nuclear bombs capable of destroying in a few minutes hundreds of millions of human lives which is the menace to civilization.

Not a word is being spoken, moreover, by the heads of government anywhere, including the United States, about the terrible power possessed by a few governments. While there is much discussion about "who pulled the trigger," there is no sign of any self-restraint being imposed by all the governments themselves so as to make certain that there never will be a nuclear holocaust.

ONLY JAPAN knows by experience what a nuclear bomb can do. The tens of thousands of human beings who lost their lives in Nagasaki and Hiroshima were mostly civilians, not soldiers.

For many decades, the leaders of the civilized world had emphasized that bombardment only of fortified cities and military installations should be permitted but Europeans violated the rule. American presidents protested, but in 1945 our government joined the school of thought which said that to use the atom bomb meant a shortening of the war.

Today there is no conference going on anywhere on genuine disarmament—no effort to insure the destruction of all nuclear weapons and a prohibition against any resumption of their production. There are proposals instead to maintain the present nuclear arsenals intact, though not to increase them. This, however, has only stimulated France and Red China to try to develop nuclear strength of their own as a measure of self-protection.

President Johnson, in his address to the nation on Sunday night, deplored the nuclear testing by Red China and urged the smaller nations not to become frightened by "nuclear blackmail."

He offered to use American power to offset any effort by Red China to use its nuclear potentiality as a means of exerting pressure in diplomacy. Mr. Johnson called on Red China to sign the test-ban treaty. Of what avail is such a step if nothing is to be done to ban the possession of nuclear bombs?

THE USE of words to convey unrealistic impressions is, of course, not confined to this country. Leonid Brezhnev, the new chief of the Communist party in the Soviet Union, said in his first speech after Nikita Khrushchev was removed:

"If the governments of other states, for their part, display a striving for peace, if the sovereign right of every nation, big and small, to settle its destiny itself is observed, then peaceful labor and progress will be assured. . . .

"The Soviet Communist party will strive for the consolidation of the unity of the great community of fraternal socialist countries on a fully equal footing. . . .

"The Soviet Communist party will uphold the general line of the world's Communist movement."

This means a continued infringement by the Soviet government on the sovereign rights of the people of other countries. It's a reaffirmation of Moscow's determination to rule the world through Communist infiltration of the governments of smaller countries—the true objective of Communist imperialism.

THE CHANGE in top personnel in Moscow does not mean that the chances of maintaining world peace have been improved. Nor does it mean, for example, that the Communist military base in Cuba is to be abolished, or that Castro's regime will ceaase to be the tool of Moscow in its continuing encroachments in this hemisphere.

If the Soviet policies remain the same, it doesn't matter who the men in the Kremlin happen to be.

The oppressed peoples of the Soviet Union and of the Communist bloc are helpless today as the dictatorship group in Moscow changes personnel but not its absolutism.

This is a time when the outside world can tell the Soviet people, by radio and by word-of-mouth through travelers, how freedom's formula can bring a new government through a free system of elections and assure the citizens of the Soviet Union that the fruits of their toil can be used to improve and sustain a better economic life. But the rest of the world somehow is strangely silent.

Never was there a more propitious time to emphasize the contrast between the way the Soviet Communist party imposes its tyrannical rule and the way Great Britain and the United States, respectively, choose their governing bodies. It's an opportunity sadly missed.

Down Through The Years

From The Review Files

THIRTY YEARS AGO—A new record for the sale of dog licenses, 5,596, was reported in Columbiana County, an increase of 1,516 over the 1933 record.

Public Enemy No. 1, Charles Arthur (Pretty Boy) Floyd was shot to death when trapped on the farm of Mrs. Ellen Conkle of the Sprucevale Rd., seven miles north of here.

Harold Allison was elected president of the Pleasant Heights Parent - Teacher Association.

TWENTY YEARS AGO — A drive was launched in Wellsville to raise $2,500 for a proposed four - point program of recreation for young people, with the Rev. Archie Mackey in charge.

Janet Hill and Mary Ann Rogers, eighth - grade students of Chester Central School, received all "A's" for the first six - week period.

TEN YEARS AGO — Mrs. Ruth Erwin was received as a new member of the East Liverpool Nurses Alumnae Association.

Harry Dinsmore, manager of the local office of the Ohio State Employment Service, was elected president of the East Liverpool Coin Club.

Letter To The Editor

The Rev. Mussio, bishop of the Steubenville diocese, had an encouraging article on Ecumenicalism and the Vatican Council in The Review of Oct. 17.

It is to be hoped that he is not undermining, on a local level, the Council's admirable work of promoting Christian unity when he writes: (re church divisions) . . . "There is no time, however, to be wasted in placing blame. Now is the time to practice the fraternal love which is the mark of Christians. If Catholics recognize that our separated brothers possess, from Christ, the Bible, the life of grace, virtues of faith, hope, charity, gifts of the Holy Spirit, that these God - given gifts were intended to lead our brothers back to Christ, this is ecumenicalism."

In his attempt to define ecumenicalism, the implications of this "back to Christ" phrase can do nothing but subvert the general contemporary trend toward Christian unity, for it implies that all non - (Roman) Catholics were never Christians in the first place.

Unless the bishop simply failed to express himself perspicuously, I feel he owes a word of explanation and apology either to the representatives of the Vatican Council or to the many non-(Roman) Catholic readers of the East Liverpool Review.

Wayne L. Hays For Congress

A veteran of the legislative wars at Washington and a Wellsville businessman are opposing each other for the congressional seat from Ohio's 18th District in the Nov. 3 general election.

Rep. Wayne L. Hays, Democrat from Flushing, is seeking his ninth two-year term.

His Republican opponent is Allen J. Dalyrmple.

Mr. Dalyrmple is a dedicated office-seeker with firm principles and, if given the opportunity, there is reason to believe he could become a competent representative of the 18th District in the nation's capital.

It would take considerable time, however, before he could even begin to assume the status of his opponent in the halls of Congress. And seniority and influence mean much if things are to be accomplished.

When Mr. Hays was running for re-election in 1962 for his eighth two - year term, The Review editorialized, in part, as follows:

"Wayne Hays, without question, has been the district's most active legislator in Washington in many years and, because of his seniority and influence, is highly regarded by constituents in both parties. . .

"He has proved by his occasional attacks on the actions of fellow Democrats that he has the courage of his own convictions and is an able representative of his home district and taxpayers in general . . ."

Nothing has happened since 1962 to alter this thinking. In fact, it has been buttressed by Mr. Hays' additional years in Congress.

This month he was reappointed chairman of the House delegation to the NATO parliamentarians' conference for the ninth consecutive time. He continues to be active in the important foreign affairs committee, is chairman of the subcommittee of the State Department on personnel and foreign operation and is a member of the House administrative committee.

Mr. Hays knows his way around in national and international affairs. His broad political experience and leadership cannot be overlooked.

We support his re-election to a ninth term.

Taft For U.S. Senator

The Review strongly endorses Robert Taft Jr. for U.S. senator.

It does so with the conviction that here is one of the brightest young stars in the political firmament—a man whose talents, judgment and comprehension could carry him some day to the highest office in the land.

But the immediate choice is between two candidates with sharply defined differences in political philosophy.

Mr. Taft's opponent is Stephen M. Young, who at 75 is completing his first term in the U.S. Senate.

Sen. Young has been an ardent supporter of the Democratic administration and points with pride to his voting record, which we feel has, more often than not, fallen short of the expectations and aspirations of his Ohio constituents.

MR. TAFT, on the other hand, has not aligned himself with either end of the political spectrum. He describes himself as a liberal on civil rights and a conservative in fiscal matters.

He is not a flamboyant politician. He has a facility for remaining calm even under the most trying circumstances. But he is a man of firm conviction, of reasoned judgment and high principles.

When he states his position on impending legislation, which he has done so often as a member of the Ohio House of Representatives for four terms and Ohio congressman-at-large for one term, he does it so convincingly and with such logic that even veteran legislators are impressed with his mature approach.

In Congress, Mr. Taft has been alert to situations affecting Ohio and has made his voice heard. He could be expected to exert even greater influence in the Senate.

THE TAFT FAMILY has a heritage of public service. Young Bob is the grandson of a president and chief justice of the U.S. Supreme Court and the son of a great senator who was honored with the label "Mr. Republican." But he is no coattail rider. He is well able to make it on his own.

While Sen. Young's days of effectiveness for his party's cause are pretty much behind him, Mr. Taft, at 47, has a future of many promising years to give to his state and his nation.

Ohio voters will be performing a high service for responsibility in government if they elect Bob Taft to the U.S. Senate Nov. 3. The choice on every count is clearly with him.

These are days when people around the world are constantly being "brainwashed." The phrases of euphemism hide from the people the real threat to the peace of mankind. Some of the cover - up is politically motivated and some of it is designed to glossover ominous developments by wishful thinking.

David Lawrence

The world is told, for instance, that a treaty which bans certain nuclear testing is a great achievement and all that is necessary now is to persuade Red China to join the signatories of that pact.

Not a word is spoken about the graver danger involved in the actual use of nuclear weapons. It's the continued existence of an arsenal of nuclear bombs capable of destroying in a few minutes hundreds of millions of human lives which is the menace to civilization.

Not a word is being spoken, moreover, by the heads of government anywhere, including the United States, about the terrible power possessed by a few governments. While there is much discussion about "who pulled the trigger," there is no sign of any self-restraint being imposed by all the governments themselves so as to make certain that there never will be a nuclear holocaust.

ONLY JAPAN knows by experience what a nuclear bomb can do. The tens of thousands of human beings who lost their lives in Nagasaki and Hiroshima were mostly civilians, not soldiers.

For many decades, the leaders of the civilized world had emphasized that bombardment only of fortified cities and military installations should be permitted but Europeans violated the rule. American presidents protested, but in 1945 our government joined the school of thought which said that to use the atom bomb meant a shortening of the war.

Today there is no conference going on anywhere on genuine disarmament—no effort to insure the destruction of all nuclear weapons and a prohibition against any resumption of their production. There are proposals instead to maintain the present nuclear arsenals intact, though not to increase them. This, however, has only stimulated France and Red China to try to develop nuclear strength of their own as a measure of self-protection.

President Johnson, in his address to the nation on Sunday night, deplored the nuclear testing by Red China and urged the smaller nations not to become frightened by "nuclear blackmail."

He offered to use American power to offset any effort by Red China to use its nuclear potentiality as a means of exerting pressure in diplomacy. Mr. Johnson called on Red China to sign the test-ban treaty. Of what avail is such a step if nothing is to be done to ban the possession of nuclear bombs?

THE USE of words to convey unrealistic impressions is, of course, not confined to this country. Leonid Brezhnev, the new chief of the Communist party in the Soviet Union, said in his first speech after Nikita Khrushchev was removed:

"If the governments of other states, for their part, display a striving for peace, if the sovereign right of every nation, big and small, to settle its destiny itself is observed, then peaceful labor and progress will be assured. . . .

"The Soviet Communist party will strive for the consolidation of the unity of the great community of fraternal socialist countries on a fully equal footing. . . .

"The Soviet Communist party will uphold the general line of the world's Communist movement."

This means a continued infringement by the Soviet government on the sovereign rights of the people of other countries. It's a reaffirmation of Moscow's determination to rule the world through Communist infiltration of the governments of smaller countries—the true objective of Communist imperialism.

THE CHANGE in top personnel in Moscow does not mean that the chances of maintaining world peace have been improved. Nor does it mean, for example, that the Communist military base in Cuba is to be abolished, or that Castro's regime will ceaase to be the tool of Moscow in its continuing encroachments in this hemisphere.

If the Soviet policies remain the same, it doesn't matter who the men in the Kremlin happen to be.

The oppressed peoples of the Soviet Union and of the Communist bloc are helpless today as the dictatorship group in Moscow changes personnel but not its absolutism.

This is a time when the outside world can tell the Soviet people, by radio and by word-of-mouth through travelers, how freedom's formula can bring a new government through a free system of elections and assure the citizens of the Soviet Union that the fruits of their toil can be used to improve and sustain a better economic life. But the rest of the world somehow is strangely silent.

Never was there a more propitious time to emphasize the contrast between the way the Soviet Communist party imposes its tyrannical rule and the way Great Britain and the United States, respectively, choose their governing bodies. It's an opportunity sadly missed.

Down Through The Years

From The Review Files

THIRTY YEARS AGO—A new record for the sale of dog licenses, 5,596, was reported in Columbiana County, an increase of 1,516 over the 1933 record.

Public Enemy No. 1, Charles Arthur (Pretty Boy) Floyd was shot to death when trapped on the farm of Mrs. Ellen Conkle of the Sprucevale Rd., seven miles north of here.

Harold Allison was elected president of the Pleasant Heights Parent - Teacher Association.

TWENTY YEARS AGO — A drive was launched in Wellsville to raise $2,500 for a proposed four - point program of recreation for young people, with the Rev. Archie Mackey in charge.

Janet Hill and Mary Ann Rogers, eighth - grade students of Chester Central School, received all "A's" for the first six - week period.

TEN YEARS AGO — Mrs. Ruth Erwin was received as a new member of the East Liverpool Nurses Alumnae Association.

Harry Dinsmore, manager of the local office of the Ohio State Employment Service, was elected president of the East Liverpool Coin Club.

Letter To The Editor

The Rev. Mussio, bishop of the Steubenville diocese, had an encouraging article on Ecumenicalism and the Vatican Council in The Review of Oct. 17.

It is to be hoped that he is not undermining, on a local level, the Council's admirable work of promoting Christian unity when he writes: (re church divisions) . . . "There is no time, however, to be wasted in placing blame. Now is the time to practice the fraternal love which is the mark of Christians. If Catholics recognize that our separated brothers possess, from Christ, the Bible, the life of grace, virtues of faith, hope, charity, gifts of the Holy Spirit, that these God - given gifts were intended to lead our brothers back to Christ, this is ecumenicalism."

In his attempt to define ecumenicalism, the implications of this "back to Christ" phrase can do nothing but subvert the general contemporary trend toward Christian unity, for it implies that all non - (Roman) Catholics were never Christians in the first place.

Unless the bishop simply failed to express himself perspicuously, I feel he owes a word of explanation and apology either to the representatives of the Vatican Council or to the many non-(Roman) Catholic readers of the East Liverpool Review.

Red China

sent to President Johnson Monday the same message which he had circulated to other government chiefs around the world, even though the United States and Red China do not have diplomatic relations.

Both Secretary of State Dean Rusk and President Johnson have already publicly dismissed the Chinese maneuver as a propaganda play for the purpose of offsetting criticisms of Red China's first nuclear explosion last Friday.

U.S. officials have no real belief at this time that Red China can be prevailed upon to sign the year-old nuclear test ban treaty.

But officials say that worldwide public opinion which in many countries has been severely critical of the Red Chinese tests might eventually have some influence in Peking.

WASHINGTON (AP) — Sen. Barry Goldwater says the Johnson administration has "followed a policy that brought back unity and greater strength" among the Communist nations.

Commenting on the recent leadership change in the Soviet Union and Red China's first atomic blast, Goldwater declared Wednesday night:

HANOVERTON — Allen J. Dalrymple of Wellsville, Republican candidate for 18th District congressman, declared Wednesday night Rep. Wayne L. Hays, the Democratic incumbent, has been rated "the second worst congressman in the United States" in a magazine poll.

Dalrymple referred to the November issue of Pageant Magazine, which said a poll among all members of the House of Representatives and the Washington press corps ranked Hays second as the "least effective representative," placing him behind Rep. Adam Clayton Powell, New York Democrat.

Dalrymple spoke at a meeting of the Western Townships Republican Club at the American Legion Home. He was introduced by Mrs. Ray Davies, assistant county chairwoman, who also presented candidates.

Atty. Charles A. Pike of Lisbon, county GOP chairman, and Ford McQuilkin of Homeworth, president of the club, also spoke briefly. A committee headed by Mrs. McQuilkin served refreshments.

King-Size Headache Waits Illinois Voters

SPRINGFIELD, Ill. (AP) — Pity the Illinois voter when he goes to the polls Nov. 3.

No one else in the nation will be confronted with his headache — marking a separate ballot nearly three feet long and a foot wide and listing 236 choices for the Illinois House.

This separate orange-colored ballot is necessary because reapportionment has forced Illinois to elect state representatives on an at-large basis instead of by districts.

If the voter becomes color blind, there will be a reason.

Not only will he see orange, he will be given a white ballot listing candidates for President and state offices, a blue one on constitutional amendments, and a green ballot on judges.

What makes it more confusing is the voter has a variety of options in selecting his choices for the legislature. One little mistake can void his ballot.

Of the 236 names on the legislative ballot, 118 are listed in the Democratic column and 118 on the Republican side.

A voter can pick up to 177 candidates — the number of seats in the House — and each would get one vote. But if he chooses one too many, the ballot will be thrown out.

The at-large election followed a sequence of events beginning last year.

The Republican-controlled Illinois Legislature passed a bill reapportioning the state's 59 House districts. Democratic Gov. Otto Kerner vetoed it on the ground that it was unfair from a population standpoint.

At this point the state constitution required the governor to appoint a bipartisan commission to produce reapportionment.

After months of bickering, the deadlocked commission was disbanded. No other procedure was left to avoid the at-large election.

Because of the mass of votes to be counted, it is expected to be days after the election before the results are known.

Hancock Farmers Slated To Ballot On Committee

Ballots are to be mailed Hancock County farmers Nov. 18 in the annual election of members of the County Agricultural, Stabilization and Conservation Committee.

Mrs. Norma Murray, office manager, said ballots may be obtained at the office in New Cumberland by farmers who do not receive them in the mail.

The committee will accept petitions for nominations if signed by six or more eligible voters. These nominations must be in the county office by Nov. 10.

In order for ballots to be counted, they must be returned by Dec. 1 to the office, or postmarked by that date.

Incumbent committee members are Carl R. Allison, chairman, Shields Mayhew, vice chairman, and Plummer Smith, regular member. This committee will prepare a slate of nominees of no less than six names at a meeting in November, and these names, along with any petitions received, will be placed on the ballot. The farmers will vote for five candidates.

"This farmer - committee system is the backbone of the farm programs administered in the county, and recently the system has been strengthened," Mrs. Murray said. "Here in Hancock, the impact of the ASC committee administered programs on the welfare of individual farmers and collectively on the life of the county, is considerable."

She pointed out that last year, 103 farmers in the county shared expenses with the government to carry out conservation practices costing around $15,000. The government - shared costs with the farmer for $7,483 of this amount. In addition, another $9,000 was paid farmers as earnings under the wheat diversion and feed grain programs. "Nationally, the farm programs have put grass and clover on land equal to a third of our states," Mrs. Murray said.

"They have helped to plant as many new trees as there are people on earth, and built terrace ridges to prevent soil erosion seven times as long as a moon rocket's trip. These programs have been in effect since 1936."

Mrs. Murray will attend a managers' training meeting in Morgantown Monday through Nov. 6 and her office will be closed then. It will reopen on Nov. 9.

2 Candidates Attend Meeting In Wellsville

GOP 'Moral Decay' Film On TV Nipped By Barry

WASHINGTON (AP) — Sen. Barry Goldwater of Arizona has nipped plans for the nationwide televising of a Republican campaign film which originally included shots of stripteasers and a girl in a topless swim suit.

A group of Goldwater backers who had the 30-minute film made for $65,000, said its aim was to show "moral decay" in the nation. Although today's planned showing is out, the film's sponsors apparently hope to have edited versions shown later on local stations.

Democratic National Chairman John M. Bailey had called the film "the sickest political program" ever planned for television.

The Democratic National Committee bought an unedited copy of the film, and newsmen at Democratic headquarters were shown enlarged photos said to have been taken from it. They included a side-rear view of a girl in a topless swim suit, a near nude man, and several shots of street rioting.

The Citizens for Goldwater-Miller had the film made and titled it "Choice." The group bought 125 copies.

The Republican presidential candidate saw the film for the first time Wednesday in a hotel room in Philadelphia. Later his press secretary, Paul Wagner, said "he does not believe it is appropriate for a political campaign in its present form."

About the same time, Republican National Chairman Dean Burch issued a terse statement saying, "At the request of Sen. Goldwater, the Citizens for Goldwater-Miller film entitled 'Choice' has been withdrawn."

Fred Mullen, director of the news bureau at the citizens group, said, "Naturally we are acceding to the requests of the senator and are proceeding now to make minor changes in the film to take into account new developments. The film will be shown as soon as possible." The group said the changes had nothing to do with the charges made by the Democratic national chairman.

Lee Edwards, deputy director of public relations for the GOP, said Burch's statement included not only the scheduled showing today, but also the prints which the citizens' group has sold to various local political groups around the country.

In advance of Goldwater's statement, NBC announced that the film would be shown but with cuts agreed to by the citizens' group — notably the topless bathing suit. The network said it considered certain sequences "unduly suggestive."

Russell Walton, publicity director for the citizens group, had conceded that portions of the film might be called shocking, but added, "We believe what is happening today in America is shocking."

Oil Boom's Not Over, Develops In Orderly Style

COLUMBUS, Ohio (AP)—The Morrow County oil boom is not over. Instead it is now being developed in an orderly manner—largely because of state regulations and the entrance of major companies into the field.

This was the consensus Wednesday of a group of oil men attending workshop sessions of the Ohio Petroleum Marketers Association.

Discussing the boom were Sam Bohlen of Orville, OPMA president and head of the Snyder Oil Co.; John W. Mathews of Marion, Gulf Co. distributor, and Thomas Seelye of Hudson, associate director of the Ohio Oil Heat Council.

They agreed that millions of barrels of crude oil still will be recovered from the field in the Mount Gilead area.

Seelye said Ashland Oil Co. has more than 150,000 acres under lease in the county, Standard Oil of Ohio has about 50,000 acres and Pure Oil Co. an undetermined amount.

Vincent L. Maola Jr., band director, showed movies taken of the ELHS Twin Marching Bands at various parades and half-time shows during 1963-64.

He displayed the plaque given to the band for its participation in the Stanton Local Band Festival last Saturday. He announced that the band would not make an appearance at the Weirton football game Oct. 30.

Maola said the recent candy sale held by band members had been a success and that the proceeds will be used to defray expenses of the trip to Philadelphia, on Thanksgiving Day, when the band will appear in the annual televised Christmas parade.

During business, the group voted to purchase raincoats for the entire band. They will be blue and white rubberized vinyl and flannel-lined to afford protection from rain and cold.

A vote of thanks was given Mrs. James Smith and Miss Selma Ladzinski, registered nurses, who have accompanied the band on out-of-town trips this fall.

Various committee chairmen gave reports with Mrs. Winston Myers, second vice president, speaking for the ways and means committee. She thanked members for their support of the recent style show.

A rummage sale will be held the week of Nov. 9-14 at the storeroom at 6th and Washington Sts. Articles should be taken to the building Nov. 8, between 2 and 4 p. m. Mrs. George Leigh and Mrs. Roland Dingey will be in charge.

Mrs. Thomas Snow and Mrs. Paul Calhoun will advise the members when candles will be available for distribution for sale.

Mrs. James Lessel and Mrs. Evelyn Walker were named to head a committee to provide sandwiches and hot chocolate to band members during half-time at home football games.

Halloween candy was sold during the meeting and members were urged to secure orders for Christmas candy.

Mrs. Albert Rodenhausen conducted the devotions.

Autumn decorations of fall foliage, flowers and lighted jack-O-lanterns were used.

The social committee was in charge of refreshments. The buffet table was highlighted with a centerpiece of gold and brown fall flowers. Lighted gold tapers completed the setting.

The next meeting will be Nov. 17 when members are to bring articles for a handicraft sale.

Sex Perversion In State Dept. Called Problem

JOHNSTOWN, Ohio (AP) — Testimony before a Congressional subcommittee indicates that combatting sexual perversion in the State Department is a constant problem, according to Rep. John Ashbrook, R-Ohio.

Ashbrook said Wednesday night that the testimony was made in a hearing before a House Appropriations Subcommittee last Feb. 4.

Asbrook said it was decided to release the testimony in Washington Monday after Walter Jenkins resigned as special assistant to President Johnson following disclosure that the White House aide had twice been arrested on morals charges.

The testimony, given in closed session by Raymond W. Laugel, acting deputy assistant secretary of state for security, indicated that the State Department had found 63 security risks among its 25,000 employes last year.

Most of them were homosexuals and none of them subversives, Laugel said, and all 63 resigned after the department showed them its evidence.

LOVELAND, Colo. (AP) — Dr. Dwight F. Gunder, 61, a special advisor on rockets and missiles to the Navy Bureau of Ordnance in Washington, died Wednesday, apparently of a heart attack.

White House Staff To File New Security Applications

WASHINGTON (AP) — All staff employes of the White House have been asked to fill out new security applications in the wake of the Walter W. Jenkins case.

Jenkins, a top aide to President Johnson for 25 years, resigned at the President's request last week after it became known he had been arrested twice, in 1959 and earlier this month, on morals charges. Johnson said he had never known earlier of either arrest.

Staff members from top assistants down to stenographers were asked to fill out standard forms entitled "Security Investigation Data for Sensitive Position." Applications of this type are sent routinely to the FBI for checking against its files.

Ordinarily, the FBI makes no independent investigation in the absence of derogatory information in its files.

Questions on the form include dates and places of residence back to 1937. Except for traffic arrests carrying a fine of $30 or less, the employe is asked to list any arrests, even for investigation and questioning and for which no formal charge was filed.

Was Planned For TV Today

GOP 'Moral Decay' Film On TV Nipped By Barry

WASHINGTON (AP) — Sen. Barry Goldwater of Arizona has nipped plans for the nationwide televising of a Republican campaign film which originally included shots of stripteasers and a girl in a topless swim suit.

A group of Goldwater backers who had the 30-minute film made for $65,000, said its aim was to show "moral decay" in the nation. Although today's planned showing is out, the film's sponsors apparently hope to have edited versions shown later on local stations.

Democratic National Chairman John M. Bailey had called the film "the sickest political program" ever planned for television.

The Democratic National Committee bought an unedited copy of the film, and newsmen at Democratic headquarters were shown enlarged photos said to have been taken from it. They included a side-rear view of a girl in a topless swim suit, a near nude man, and several shots of street rioting.

The Citizens for Goldwater-Miller had the film made and titled it "Choice." The group bought 125 copies.

The Republican presidential candidate saw the film for the first time Wednesday in a hotel room in Philadelphia. Later his press secretary, Paul Wagner, said "he does not believe it is appropriate for a political campaign in its present form."

About the same time, Republican National Chairman Dean Burch issued a terse statement saying, "At the request of Sen. Goldwater, the Citizens for Goldwater-Miller film entitled 'Choice' has been withdrawn."

Fred Mullen, director of the news bureau at the citizens group, said, "Naturally we are acceding to the requests of the senator and are proceeding now to make minor changes in the film to take into account new developments. The film will be shown as soon as possible." The group said the changes had nothing to do with the charges made by the Democratic national chairman.

Lee Edwards, deputy director of public relations for the GOP, said Burch's statement included not only the scheduled showing today, but also the prints which the citizens' group has sold to various local political groups around the country.

In advance of Goldwater's statement, NBC announced that the film would be shown but with cuts agreed to by the citizens' group — notably the topless bathing suit. The network said it considered certain sequences "unduly suggestive."

Russell Walton, publicity director for the citizens group, had conceded that portions of the film might be called shocking, but added, "We believe what is happening today in America is shocking."

Oil Boom's Not Over, Develops In Orderly Style

COLUMBUS, Ohio (AP)—The Morrow County oil boom is not over. Instead it is now being developed in an orderly manner—largely because of state regulations and the entrance of major companies into the field.

This was the consensus Wednesday of a group of oil men attending workshop sessions of the Ohio Petroleum Marketers Association.

Discussing the boom were Sam Bohlen of Orville, OPMA president and head of the Snyder Oil Co.; John W. Mathews of Marion, Gulf Co. distributor, and Thomas Seelye of Hudson, associate director of the Ohio Oil Heat Council.

They agreed that millions of barrels of crude oil still will be recovered from the field in the Mount Gilead area.

Seelye said Ashland Oil Co. has more than 150,000 acres under lease in the county, Standard Oil of Ohio has about 50,000 acres and Pure Oil Co. an undetermined amount.

Vi-Lar Booster Club Appoints Committee

Mrs. Joan Hissom and Mrs. Judy Davis were named co-chairmen of the membership committee at a meeting of the Vi-Lar Boosters Cub Monday evening at the Potters Savings & Loan Co. annex.

Plans were made for a social meeting Monday with the Vi-Lar Kadettes to provide the entertainment. Mrs. JoAnne Hilliard will be in charge of refreshments, and Mrs. Gayle Merriman, hospitality. A cake walk will be featured.

A candy sale is also being planned as a project for the future. Refreshments were served, and Mrs. Hissom presided.

New Recruiting Aide Assigned With Navy Unit

Machinist's Mate 1C Richard L. Cothran has reported to the East Liverpool Navy Recruiting Office at City Hall for a normal tour of recruiting duty.

Cothran will assist Chief Electrician's Mate Theodore Horokowski and Chief Electrician's Mate Leonard Faust with the recruiting service in this area.

A veteran of 10 years Naval service, Cothran is a native of Greenville, where he enlisted in 1955. He took his recruit training at U.S. Naval Training Center, Great Lakes, Ill., and upon graduation was assigned to machinist's Mate, Class "A" School, also at Great Lakes.

After graduating he served aboard the ship Boston until November 1957, when he was separated from active service. After being out of the Navy 85 days, Cothran re-enlisted and served aboard the ship Intrepid, from which he was transferred to the Constellation, an aircraft carrier operating off the coast of Viet Nam.

Cothran and wife, the former Miss Ione Marie Foss, of Ray, N. D., are residing in Chester.

GEORGETOWN, Ohio (AP)—Dimmitt Huges, 39, Maysville, Ky., drowned Wednesday in the Ohio River at Aberdeen, police said. The body was not recovered.

A companion, Edward Clark, Rt. 1, Manchester, told police they were out in a homemade boat when it overturned. Clark was pulled from the river by Earl R. Bradford of near Aberdeen.

SAN FRANCISCO (AP) — Henry Cabot Lodge, former U.S. ambassador to South Viet Nam, has received the Thomas A. Dooley Foundation's first "Splendid American" award.

In accepting the honor Wednesday night, Lodge said that because of South Viet Nam's geographical position, large areas of Asia "can be influenced and undermined" from the country.

The award was named after the late Dr. Thomas A. Dooley of St. Louis, Mo., who introduced modern medicine and built a 25-bed hospital in Laos.

LONDON (AP) — Christine Keeler, the 22-year-old call girl who was a central figure in last year's Profumo scandal, had a point in objecting to publication of her telephone number, says the British Press Council.

The council, government-sponsored guardian of newspaper ethics, said today it "deplores the action of the Daily Sketch" in printing the number.

Miss Keeler's attorney complained to the council. He said after the number was published, Miss Keeler received "a constant stream of abusive calls."

COVINA, Calif. (AP) — Physicist Edward Teller says detonation of an atomic device by Communist China only proves "that making a nuclear explosion is easy."

Teller, who was instrumental in developing the hydrogen bomb, said in a speech Wednesday night to Aerojet-General Corp. Management Club that it may take China 25 years to develop a weapons system capable of carrying atomic warheads long distances.

More significant, he said, was the Soviet Union's orbiting of three men in a space ship.

Young Endorsed By Toledo Blade

TOLEDO, Ohio (AP)—The Toledo Blade broke it's precedent of supporting a member of the Taft family by endorsing U.S. Sen. Stephen M. Young for re-election Nov. 3.

The endorsement of the Cleveland Democrat Wednesday was the first time in the newspaper's history it failed to back a Taft seeking public office.

Young, 75, is running against 47-year-old Ohio Congressman-at-large Robert Taft Jr., son of the late Ohio Senator known as "Mr. Republican."

The Blade said about the only thing that can be said about Young is he is older than Taft. But "in spirit, intellectual vigor, zest for political action ... Young is younger than Bob Taft by half a century," the afternoon daily said.

The newspaper said it was dismayed at what it called "Taft's pallid performance in Washington." The Blade also supported Young in 1958.

Goldwater Attacked On Farm Statements

NAPOLEON, Ohio (AP) — Asst. U.S. Secretary of Agriculture George L. Mehrens says the statements on farm problems by Republican presidential nominee Barry Goldwater are contradictory and that his agricultural voting record in the Senate is negative.

Mehrens told a Democratic rally Wednesday night that Goldwater's call for "prompt and final termination" of farm commodity programs "is a recipe for chaos at home and disaster abroad with the American farmer on the receiving end in both cases."

People In News

SAN FRANCISCO (AP) — Henry Cabot Lodge, former U.S. ambassador to South Viet Nam, has received the Thomas A. Dooley Foundation's first "Splendid American" award.

In accepting the honor Wednesday night, Lodge said that because of South Viet Nam's geographical position, large areas of Asia "can be influenced and undermined" from the country.

The award was named after the late Dr. Thomas A. Dooley of St. Louis, Mo., who introduced modern medicine and built a 25-bed hospital in Laos.

LONDON (AP) — Christine Keeler, the 22-year-old call girl who was a central figure in last year's Profumo scandal, had a point in objecting to publication of her telephone number, says the British Press Council.

The council, government-sponsored guardian of newspaper ethics, said today it "deplores the action of the Daily Sketch" in printing the number.

Miss Keeler's attorney complained to the council. He said after the number was published, Miss Keeler received "a constant stream of abusive calls."

COVINA, Calif. (AP) — Physicist Edward Teller says detonation of an atomic device by Communist China only proves "that making a nuclear explosion is easy."

Teller, who was instrumental in developing the hydrogen bomb, said in a speech Wednesday night to Aerojet-General Corp. Management Club that it may take China 25 years to develop a weapons system capable of carrying atomic warheads long distances.

More significant, he said, was the Soviet Union's orbiting of three men in a space ship.

Young Endorsed By Toledo Blade

TOLEDO, Ohio (AP)—The Toledo Blade broke it's precedent of supporting a member of the Taft family by endorsing U.S. Sen. Stephen M. Young for re-election Nov. 3.

The endorsement of the Cleveland Democrat Wednesday was the first time in the newspaper's history it failed to back a Taft seeking public office.

Young, 75, is running against 47-year-old Ohio Congressman-at-large Robert Taft Jr., son of the late Ohio Senator known as "Mr. Republican."

The Blade said about the only thing that can be said about Sen. Young is he is older than Taft. But "in spirit, intellectual vigor, zest for political action ... Young is younger than Bob Taft by half a century," the afternoon daily said.

The newspaper said it was dismayed at what it called "Taft's pallid performance in Washington." The Blade also supported Young in 1958.

Goldwater Attacked On Farm Statements

NAPOLEON, Ohio (AP) — Asst. U.S. Secretary of Agriculture George L. Mehrens says the statements on farm problems by Republican presidential nominee Barry Goldwater are contradictory and that his agricultural voting record in the Senate is negative.

Mehrens told a Democratic rally Wednesday night that Goldwater's call for "prompt and final termination" of farm commodity programs "is a recipe for chaos at home and disaster abroad with the American farmer on the receiving end in both cases."

Cites Faulty Credentials

Vote Board Turns Down Witnesses As Reporters

The Columbiana County Election Board voted unanimously Wednesday not to accept the credentials of "witnesses" the National Election Service proposed to send into precinct polling places Nov. 3 as part of a nationwide system of gathering returns.

Frank R. O'Hanlon, clerk, said the board feels "the legality of the procedure is questionable," pointing out the board learned unofficially the credentials being prepared for the witnesses will have the names of the applicants printed, not as longhand signatures, as the law requires.

The board acted after learning through the office of Secretary of State Ted W. Brown that NES proposed to use the system of witnesses in gathering returns from Columbiana County polling places, as well as others throughout Ohio.

The election service resorted to the witness system after the board rejected its first move to send reporters into the precincts to pick up returns, O'Hanlon explained. State law allows candidates, if they follow the proper procedure, to appoint witnesses who may enter polling places after the voting ends to observe the tabulation, he explained.

At the urging of NES, six candidates for Presidential elector — three Democrats and three Republicans — signed the requests for appointment of the witnesses, he said. The elector candidates were William H. Deddens, Albert H. James and John A. Skitton, all Republicans, and Dorothy E. Holden, Raymond Stetler and Milton Weston, Democrats.

He said the Ohio Education Association is co-operating with the NES in the election reporting effort and will use teachers and reporters to gather precinct returns. The OEA named chairmen at various county and municipal levels to organize the reporting system, O'Hanlon said.

Brown has been notified to the Election Board's action in ruling against the witnesses' credentials, O'Hanlon said.

At the same time, the Election Board reiterated an invitation to the reporting service to send its representatives to the board's office on election night.

O'Hanlon said figures from throughout the county will be available here as they are read aloud and entered into the board's records — part of the procedure of tabulating returns.

The same offer was made to the election service when its first request for use of reporters in precincts was rejected, O'Hanlon pointed out.

O'Hanlon said the NES proposal was regarded by the Election Board as a threat to the orderly and swift tabulation of returns because of the presence of additional personnel in each polling place.

He said the board feared their presence would impede the procedures and added that some precinct appointees already had declared that "they would not work with someone looking over their shoulder constantly."

Some of the precinct judges and clerks regarded the move as a reflection on their integrity, although the board is satisfied that "Columbiana County's election machinery is 100 per cent honest," O'Hanlon added.

The board has had "bitter experiences" with witnesses in the past, he said.

The NES move was regarded by the board "as a subterfuge" to get reporters into the polls after its first application was rejected, O'Hanlon said. Precinct personnel have been advised of their right to summon a police officer or deputy sheriff to remove any unauthorized person from a polling place, he said.

Meanwhile, Brown has sent a directive to Election Boards limitations placed on witnesses and challengers. He emphasized that legally - appointed witnesses may enter a polling place only after voting has ended and that their role is simply to observe without taking any part in proceedings.

A witness cannot leave a polling place to report partial returns because once he goes outside the law does not permit him to return, Brown's directive pointed out.

Where Fund Dollars Go

A young visitor is welcomed by Miss Jane Crawford, nurse, to the Child Clinic of the Business & Professional Women's Club, one of 12 area agencies aided by the United Fund.

Held once a month for the benefit of underprivileged preschool children, the clinic provides polio, tetanus and diptheria immunizations, whooping cough inoculations and vaccinations.

In the past fiscal year, between 100 and 125 children were treated at the clinic for which the United Fund has allotted $1,800.

Primarily for well youngsters, the service also includes treatment and medicine for any illnesses found by the physician, with drugs paid out of the funds.

Children treated are usually referred by friends or the city or county welfare departments. Some attend through voluntary appointment.

The project, begun in 1947 by the BPW, is handled by members of the club whose members take care of all paper work. Mrs. May Hartt, chairman, stresses there is no overhead cost for the clinic which is held at the City Hall.

Your dollars help provide this service for needy youngsters of the community. United Fund officials urge you to give your "fair share" to continue the clinic.

Midland United Fund Drive Achieves $51,745 Or 87%

The Midland Area United Fund Drive has achieved 87 per cent or $51,745 of its $59,788 goal.

Charles Kurcina of Ohioville, campaign chairman, said the final report meeting will be next Monday and "we hope to wrap-up the drive." He has asked an all-out effort by chairmen and their solicitors in order for the drive to meet its goal.

He said, "Results thus far have been progressing but have not been encouraging. The last pledges to be raised will be the most difficult."

The drive had hoped to hit 90 per cent by its meeting last Monday night.

The Midland drive last year achieved 106 per cent of its goal to win the Beaver County UF banner. Midland also won county banners in 1960 and 1962.

Two other divisions have achieved 100 per cent of their goals and their chairmen will be presented trophies. They are Fr. John Sabovik, special gifts, with a goal of $130, and Mrs. Charles Kurcina, Meadowbrook residential, $50. Fr. Sabovik achieved 100 per cent and Mrs. Kurcina, 115 per cent. They are in addition to Charles L. Finley of Midland who achieved 100 per cent of his public service goal.

Standings of other divisions are: Medical-dental, $260 or 80 per cent; clubs and organizations, $65 or 43 per cent; education, $444 or 40 per cent; real estate and insurance, $105 or 60 per cent; government, $243 or 74 per cent; building trades, $440 or 46 per cent; manufacturing, $48,990 or 94 per cent; retail trade, $387 or 36 per cent; Midland residential, $46 or 12 per cent; Industry residential, $65 or 22 per cent, and Ohioville residential, $36 or 24 per cent.

Funds pledged will aid 43 health and welfare agencies affiliated with the United Funds of Beaver County. Pledges of non-residents of Midland or Beaver County are turned over to the charities of the non - residents' home areas.

Wellsville's Halloween Fete To Have Parade, Animal Act

Plans are progressing for Wellsville's community Halloween party Oct. 31, with a parade and an animal act scheduled.

The annual event is sponsored by the Fraternal Order of Police Lodge and its civilian affiliate, FOP Associates.

Numerous prizes are being offered for those in costume.

Patrolman Edwin James, FOP president, said those participating will form at 4th and Main Sts. for the parade.

The parade will begin at 7 p. m. and move up Main St. and then onto 3rd St. and Wells Ave. to Mason's Foodliner parking lot.

The judging will be conducted at the lot with the leaders of various organizations selecting winners.

Serveral prizes will be offered in different categories. The lodges have purchased 100 gallons of cider and 100 dozen doughnuts for distribution to the public.

An animal act has been booked from Midvale. It will include monkeys, donkeys, dogs and others.

The party is held to help curb vandalism in the community. Since the party was started, no serious incidents have been reported, sponsors said.

The committees include Deputy Sheriff Robert Beresford, Chief John Hephner, Capt. Pete Trainer, Patrolmen Frank Daniels and Robert Wellington, Jay Williamson and James for the FOP and Don Montgomery, president, Councilman Aguin Bowling, Charles Shaffer, Bernard Ference, Nicholas Paletta and James Smith for the FOPA.

U.S. May Halt Bid To Indict Slayers Of 3

JACKSON, Miss. (AP) — The Justice Department may drop efforts to obtain federal grand jury indictments in the slaying of three civil rights workers at Philadelphia, informed sources said today.

The sources, who declined to be identified, said the department had made no final decision but was considering a move to ask the Neshoba County grand jury at Philadelphia to hear the cases instead of pressing for federal grand jury action.

The sources said one factor leading the government to consider presenting its evidence to the county grand jury was that the federal body could indict only on violations of civil rights laws, while the county jury could indict for murder, a capital offense.

The federal grand jury sat at Biloxi last month and heard evidence in the Philadelphia case.

Court sources said the 23-member grand jury decided by a one vote margin against indicting in the slaying of the three workers. Such grand jury matters are never revealed officially.

The three workers were Michael Schwerner, 24, and Andrew Goodman, 20, both New York white men, and James Chaney, 21, a Meridian Negro.

They dropped from sight after their arrest on speeding charges at Philadelphia on June 21. Their bodies were found Aug. 4 in an earthen dam on a farm near Philadelphia.

Continued Gains Seen For County Car Sales

Auto sales in Columbiana County are continuing at a level well ahead of the same time in 1963, according to sales tax collection figures released today at Columbus by State Treasurer John D. Herbert.

Car sales produced $33,038 in tax revenue in the two weeks ending Oct. 17, a boost of $6,543 from the $26,495 shown at the same time in 1963. They stand at $230,648 since the start of the fiscal year July 1, a boost of $26,623 over the $204,025 listed at the same time last year.

Sales taxes on other items brought in $37,755 for the two weeks ending Oct. 17, down $9,950 from the $47,705 shown in the corresponding period of 1963. They stand at $392,565 since the start of the fiscal year, off $24,781 from the $417,346 listed at the same time in 1963.

Atty. William H. Vodrey Jr. of East Liverpool, first vice president of the Ohio Historical Society, will represent the Society at a ceremony scheduled Saturday near Hanoverton, marking the sites of the "Big Tunnel" and "Little Tunnel" of the former Sandy and Beaver Canal, when a historical plaque will be erected.

Also scheduled to attend the 2 p. m. event a mile east of Hanoverton are Mayor George Wilson of Hanoverton; Ted Findley, president of the Ohio Canal Society, and R. Max Gard of near Hanoverton, co-author with Atty. Vodrey of a book about the Sandy and Beaver Canal.

The marker to be placed Saturday is headed "Canal Tunnels." The text follows:

"Southeast of this point are the Big and Little Tunnels. They were links in the 73-mile Sandy & Beaver canal which connected the Ohio River with the Ohio and Erie Canal. Shifts of Irish laborers worked day and night with hand drills and blasting powder to cut the 1,060-yard Big Tunnel which opened for commercial use in 1850 and was abandoned two years later, a victim of the Railroad."

The Sandy & Beaver Canal was designed to make navigation possible between Pittsburgh and Cleveland by connecting the Ohio River with the Ohio and Erie Canal.

Construction of the Sandy & Beaver began in 1834, but not until 1850 was it opened for commercial use. The last boat through the tunnels was "The Hibernian" in the spring of 1852.

Injured Driver Remains Critical

A 22 - year - old district man, hurt in a head-on crash at Rock Camp Tuesday, remains in "critical" condition today at City Hospital.

Charley Hall of Lisbon R.D., formerly of Congo, has not regained consciousness since his car collided with a pickup truck driven by John Young, 18, of Shadyside Ave.

Hall, who was on his way to work at Goddard's Bakery, suffered a fractured skull along with injuries to the back, leg and arm in the mishap in which he was pinned in his wrecked 1955 coach.

The Ohio Highway Patrol at Lisbon said officers have not been able to question Hall who has been residing with a brother, Frank Hall of Lisbon R.D.

Witnesses said Hall had passed another vehicle headed east approaching the Route 30 curve, and collided with the truck which was westbound.

MANILA (AP) — The long arm of the law reached out — and got bitten.

Police Sgt. Julio Lopez of suburban Caloocan hauled a man and a woman off to headquarters because they were quarreling in the street.

The couple kept up their quarrel during the ride. Lopez tried to pacify them. The woman bit him in the arm.

When they reached headquarters, Lopez charged her with assault.

Trial Set Wednesday For Hit-Skip Charges

Sendling appeared before the court today with his counsel, Atty. George A. Aronson, but no plea was entered.

The State Highway Patrol cited Sendling after his auto allegedly struck a bike ridden by John Zogran, 13, Edwin Ayres, 12, and his brother, Mark Ayres, 11, all of Pittsburgh. Zogran was hospitalized. The other two were treated and released.

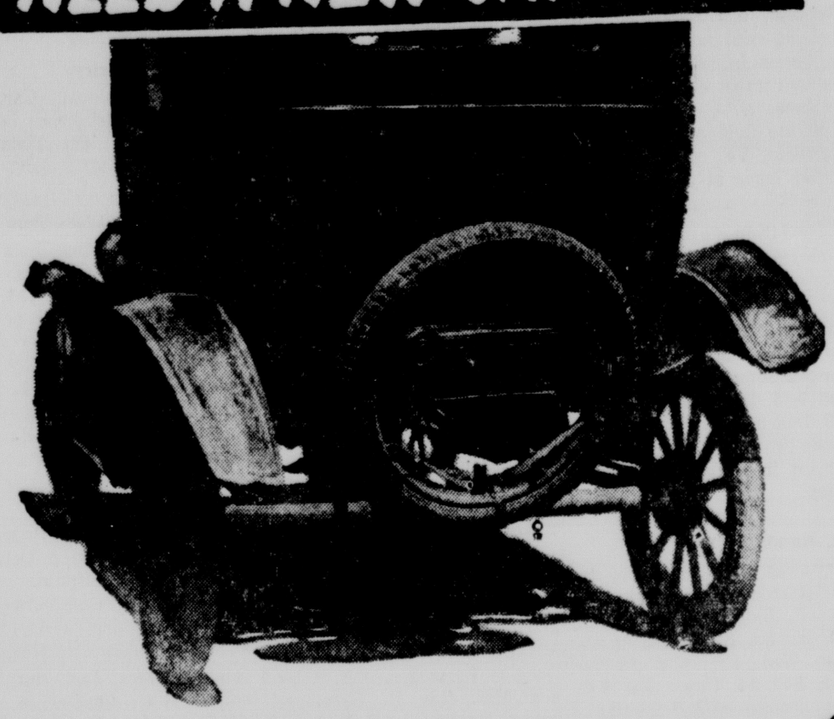

Firm Will Start Work To Erect Lift Station

The Potters Construction Co. of Calcutta is scheduled to begin work Monday on construction of a new lift station along Lisbon St., part of the Pleasant Heights sewage system.

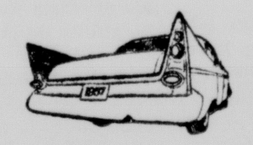

The company was awarded a $10,028 contract by the Board of Public Utilities on the basis of bids opened Sept. 25. Donald T. Duke, superintendent of the water and sewage departments, said the building will be erected directly above the present underground facility, which dates back to the construction of the Fisher Park sanitary sewer system.

The utility board decided upon the ground level structure to correct frequent malfunctions of motors and pumps blamed on moisture. The motors and magnetic starters will be relocated as part of the job.

Cites Faulty Credentials

Vote Board Turns Down Witnesses As Reporters

The Columbiana County Election Board voted unanimously Wednesday not to accept the credentials of "witnesses" the National Election Service proposed to send into precinct polling places Nov. 3 as part of a nationwide system of gathering returns.

Frank R. O'Hanlon, clerk, said the board feels "the legality of the procedure is questionable," pointing out the board learned unofficially the credentials being prepared for the witnesses will have the names of the applicants printed, not as longhand signatures, as the law requires.

The board acted after learning through the office of Secretary of State Ted W. Brown that NES proposed to use the system of witnesses in gathering returns from Columbiana County polling places, as well as others throughout Ohio.

The election service resorted to the witness system after the board rejected its first move to send reporters into the precincts to pick up returns, O'Hanlon explained. State law allows candidates, if they follow the proper procedure, to appoint witnesses who may enter polling places after the voting ends to observe the tabulation, he explained.

At the urging of NES, six candidates for Presidential elector — three Democrats and three Republicans — signed the requests for appointment of the witnesses, he said. The elector candidates were William H. Deddens, Albert H. James and John A. Skitton, all Republicans, and Dorothy E. Holden, Raymond Stetler and Milton Weston, Democrats.

He said the Ohio Education Association is co-operating with the NES in the election reporting effort and will use teachers and reporters to gather precinct returns. The OEA named chairmen at various county and municipal levels to organize the reporting system, O'Hanlon said.

Brown has been notified to the Election Board's action in ruling against the witnesses' credentials, O'Hanlon said.

At the same time, the Election Board reiterated an invitation to the reporting service to send its representatives to the board's office on election night.

O'Hanlon said figures from throughout the county will be available here as they are read aloud and entered into the board's records — part of the procedure of tabulating returns.

The same offer was made to the election service when its first request for use of reporters in precincts was rejected, O'Hanlon pointed out.

O'Hanlon said the NES proposal was regarded by the Election Board as a threat to the orderly and swift tabulation of returns because of the presence of additional personnel in each polling place.

He said the board feared their presence would impede the procedures and added that some precinct appointees already had declared that "they would not work with someone looking over their shoulder constantly."

Some of the precinct judges and clerks regarded the move as a reflection on their integrity, although the board is satisfied that "Columbiana County's election machinery is 100 per cent honest," O'Hanlon added.

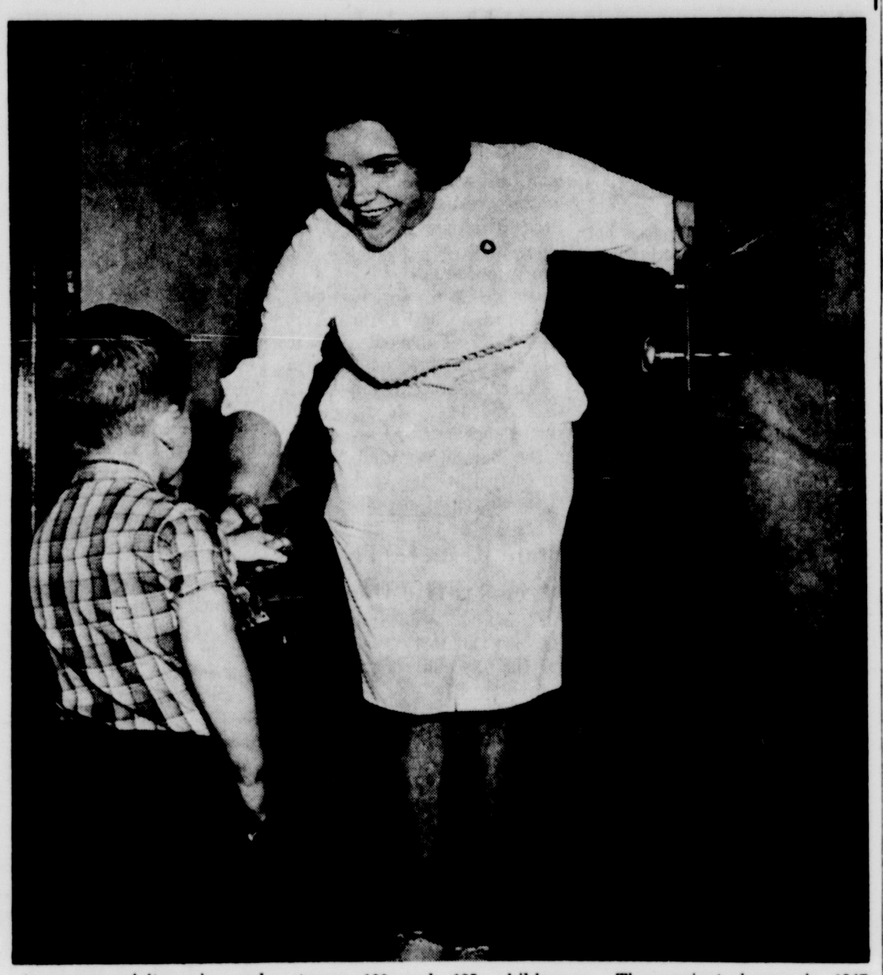

The board has had "bitter experiences" with witnesses in the past, he said.

The NES move was regarded by the board "as a subterfuge" to get reporters into the polls after its first application was rejected, O'Hanlon said. Precinct personnel have been advised of their right to summon a police officer or deputy sheriff to remove any unauthorized person from a polling place, he said.

Meanwhile, Brown has sent a directive to Election Boards limitations placed on witnesses and challengers. He emphasized that legally - appointed witnesses may enter a polling place only after voting has ended and that their role is simply to observe without taking any part in proceedings.

A witness cannot leave a polling place to report partial returns because once he goes outside the law does not permit him to return, Brown's directive pointed out.

Where Fund Dollars Go

A young visitor is welcomed by Miss Jane Crawford, nurse, to the Child Clinic of the Business & Professional Women's Club, one of 12 area agencies aided by the United Fund.

Held once a month for the benefit of underprivileged preschool children, the clinic provides polio, tetanus and diptheria immunizations, whooping cough inoculations and vaccinations.

In the past fiscal year, between 100 and 125 children were treated at the clinic for which the United Fund has allotted $1,800.

Primarily for well youngsters, the service also includes treatment and medicine for any illnesses found by the physician, with drugs paid out of the funds.

Children treated are usually referred by friends or the city or county welfare departments. Some attend through voluntary appointment.

The project, begun in 1947 by the BPW, is handled by members of the club whose members take care of all paper work. Mrs. May Hartt, chairman, stresses there is no overhead cost for the clinic which is held at the City Hall.

Your dollars help provide this service for needy youngsters of the community. United Fund officials urge you to give your "fair share" to continue the clinic.

Midland United Fund Drive Achieves $51,745 Or 87%

The Midland Area United Fund Drive has achieved 87 per cent or $51,745 of its $59,788 goal.

Charles Kurcina of Ohioville, campaign chairman, said the final report meeting will be next Monday and "we hope to wrap-up the drive." He has asked an all-out effort by chairmen and their solicitors in order for the drive to meet its goal.

He said, "Results thus far have been progressing but have not been encouraging. The last pledges to be raised will be the most difficult."

The drive had hoped to hit 90 per cent by its meeting last Monday night.

The Midland drive last year achieved 106 per cent of its goal to win the Beaver County UF banner. Midland also won county banners in 1960 and 1962.

Two other divisions have achieved 100 per cent of their goals and their chairmen will be presented trophies. They are Fr. John Sabovik, special gifts, with a goal of $130, and Mrs. Charles Kurcina, Meadowbrook residential, $50. Fr. Sabovik achieved 100 per cent and Mrs. Kurcina, 115 per cent. They are in addition to Charles L. Finley of Midland who achieved 100 per cent of his public service goal.

Standings of other divisions are: Medical-dental, $260 or 80 per cent; clubs and organizations, $65 or 43 per cent; education, $444 or 40 per cent; real estate and insurance, $105 or 60 per cent; government, $243 or 74 per cent; building trades, $440 or 46 per cent; manufacturing, $48,990 or 94 per cent; retail trade, $387 or 36 per cent; Midland residential, $46 or 12 per cent; Industry residential, $65 or 22 per cent, and Ohioville residential, $36 or 24 per cent.

Funds pledged will aid 43 health and welfare agencies affiliated with the United Funds of Beaver County. Pledges of non-residents of Midland or Beaver County are turned over to the charities of the non - residents' home areas.

Wellsville's Halloween Fete To Have Parade, Animal Act

Plans are progressing for Wellsville's community Halloween party Oct. 31, with a parade and an animal act scheduled.

The annual event is sponsored by the Fraternal Order of Police Lodge and its civilian affiliate, FOP Associates.

Numerous prizes are being offered for those in costume.

Patrolman Edwin James, FOP president, said those participating will form at 4th and Main Sts. for the parade.

The parade will begin at 7 p. m. and move up Main St. and then onto 3rd St. and Wells Ave. to Mason's Foodliner parking lot.

The judging will be conducted at the lot with the leaders of various organizations selecting winners.

An animal act has been booked from Midvale. It will include monkeys, donkeys, dogs and others.

The party is held to help curb vandalism in the community. Since the party was started, no serious incidents have been reported, sponsors said.

The committees include Deputy Sheriff Robert Beresford, Chief John Hephner, Capt. Pete Trainer, Patrolmen Frank Daniels and Robert Wellington, Jay Williamson and James for the FOP and Don Montgomery, president, Councilman Aguin Bowling, Charles Shaffer, Bernard Ference, Nicholas Paletta and James Smith for the FOPA.

U.S. May Halt Bid To Indict Slayers Of 3

JACKSON, Miss. (AP) — The Justice Department may drop efforts to obtain federal grand jury indictments in the slaying of three civil rights workers at Philadelphia, informed sources said today.

The sources, who declined to be identified, said the department had made no final decision but was considering a move to ask the Neshoba County grand jury at Philadelphia to hear the cases instead of pressing for federal grand jury action.

The sources said one factor leading the government to consider presenting its evidence to the county grand jury was that the federal body could indict only on violations of civil rights laws, while the county jury could indict for murder, a capital offense.

The federal grand jury sat at Biloxi last month and heard evidence in the Philadelphia case.

Court sources said the 23-member grand jury decided by a one vote margin against indicting in the slaying of the three workers. Such grand jury matters are never revealed officially.

The three workers were Michael Schwerner, 24, and Andrew Goodman, 20, both New York white men, and James Chaney, 21, a Meridian Negro.

They dropped from sight after their arrest on speeding charges at Philadelphia on June 21. Their bodies were found Aug. 4 in an earthen dam on a farm near Philadelphia.

Continued Gains Seen For County Car Sales

Auto sales in Columbiana County are continuing at a level well ahead of the same time in 1963, according to sales tax collection figures released today at Columbus by State Treasurer John D. Herbert.

Car sales produced $33,038 in tax revenue in the two weeks ending Oct. 17, a boost of $6,543 from the $26,495 shown at the same time in 1963. They stand at $230,648 since the start of the fiscal year July 1, a boost of $26,623 over the $204,025 listed at the same time last year.

Sales taxes on other items brought in $37,755 for the two weeks ending Oct. 17, down $9,950 from the $47,705 shown in the corresponding period of 1963. They stand at $392,565 since the start of the fiscal year, off $24,781 from the $417,346 listed at the same time in 1963.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I disagree with you about schoool nurses. In our school the only way a kid can get sent home is if the coroner pronounced him officially dead. Last year during a measles epidemic the school nurse woudn't let anybody go home no matter how sick they were.

When I nearly passed out the teacher sent me to the nurse. She told me to lie down on the cot for half an hour. When the nurse left the room, I got up and phoned my mother. Mom came to get me and I had a temperature of 104 degrees.

The way you sided with the school nurse makes me think you must have been a school nurse yourself before you were Ann Landers. True or false?—HOOSIER STATE.

-:-

Dear Hoosier: False. I was never a school nurse but I did try (unsuccessfully) to fool a few school nurses in my day.

The mail on this subject has been running 20-1 against me. I'm ready to admit there must be some pretty hard-boiled school nurses around—or that you kids have a mighty strong union.

Old Sick Story

Dear Ann: Jack and I have been married 16 years. We have two children in school. My husband is the only son who has allowed his father to run his life. His older brothers moved out of town (lucky people) but we are stuck because Jack works for his father. His hope is that he will one day inherit the business but he has nothing in writing.

Jack's hours are killing. In fact he has NO hours. He is in the store morning, noon and night. He draws no salary. His father doles out whatever he feels like giving—and it's never enough. We are forever stalling bill collectors and I am sick of it. The business does well and there is no reason for my father-in-law to be so tight.

I have begged my husband to stand up like a man and tell his father he wants a salary, part ownership and an annual vacation but he says, "Not yet." What can I do?—SOUND AND FURY.

-:-

Dear Sound: Your husband's dependency on his father is an old and a sick story. You need a third party to help put this papa-sonny boy relationship on a business basis.

Does your husband have an attorney? If not, he should engage one. As a starter, the attorney should be hired to draw up your husband's will. Then he should insist on a steady salary, equity arrangements and other details which have been too long neglected.

Not For Publication

Dear Ann: Last night the clown I'm married to showed me a copy of the letter he wrote to you. For Lord's sake please don't print it!

I've been through so much with this ape I couldn't take another blow. All I need is for that letter to appear in the paper and I'd head for the bridge. The big jerk even signed his right name.

This is an urgent plea, Ann. I beg of you, please don't let me down.—ON MY KNEES.

-:-

Dear On: Get off your knees and stop worrying. I never use the real name of a troubled reader—and I never will.

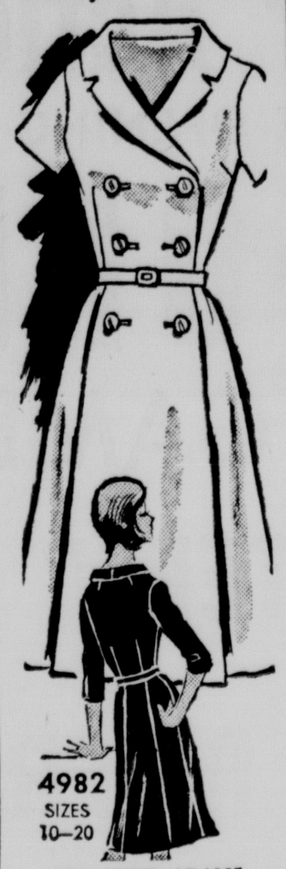

I have your husband's letter before me and you have my word it will not appear in the paper.

Confidential

TO PLENTY SHOOK: Your letter indicates that you do not know what homosexuality is. Discuss with your doctor and inform yourself instead of tossing around misinformation.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Primary Child Can Grasp Economics

Any six-year-old child who goes with his mother to the supermarket has experiences there through which he can grasp some economic facts and principles. This is a belief of Professor Lawrence Senesh of Purdue University. Working under grants from several foundations, Professor Senesch has developed learning and teaching materials related to basic economic facts and principles with elementary school children and their teachers.

Dr. Garry Myers

What he has done is reported in a bulletin, "The Organic Curriculum: A New Experiment in Economic Education," reprinted from The Councilor, March, 1960.

—:—

WORKING with 35 first grade teachers in Elkhart, Indiana, Dr. Senesh led them to discover for themselves the basic ideas on which economics as an academic discipline rest. They saw in familiar economic issues the conflict between unlimited wants and limited resources, more desires than resources to satisfy them. They observed the common problem of lessening the gap between the desire for goods and services and the availability of those goods and services.

Then the teachers set out to incorporate these economic principles and relationships into the public school curriculum regardless of grade level. In the lower grade the children discover these relationships and principles when they study "My Home," "My Neighborhood" or "The Grocery Store". In the higher grades and high school, they study economic growth of our nation and international trade.

The Elkhart project is in its second year. The committee of first grade children have developed two units: "My Home," and "What My Father Does." From the "My Home" unit the primary children learn that work at home is done most efficiently when each member of the family does what he has the best ability to do.

—:—

THE CHILDREN draw pictures of different family members at work in the home. The improvise dramatic scenes at home — mother preparing dinner, father returning home and doing repair jobs, children catering for pets and running errands. Then the children discuss what might happen if every member tried to cook the meals at the same time, if the father were late to work, children late to school, repairs and jobs and errands neglected.

The National Stadium, main arena for the XVII Olympiad, was remodeled. The seats—originally designed for the slender Japanese physique — were widened for the increased comfort of Westerners.

Dynamic Living Can Help Dieter

"All of a sudden I stopped losing," a young dieter complained. This is a typical lament for the leveling-off period which occurs in the best of regulated diets.

Ida Jean Kain

In this case, the young lady reduced at a brisk clip for six weeks, losing 20 bulky pounds in that period. At this point in her program she is more than halfway home on the reducing score since she has only 15 pounds to go to reach normal weight.

—:—

SHE concludes her letter with, "I thought maybe I was eating too much so I cut down more, but I still have not lost. Also, I have been having trouble with constipation. Can you help me to start losing again and to restore regularity?"

Dieters, realize that a lull in losing is normal. This weight plateau may occur at any time during the reducing regime, but it is most likely to set in following the loss of the less solid fat. Also, the nearer you get to normal weight, the less dramatic will be the rate of weight loss. This appears to be nature's plan.

On the diet score, take into consideration that there is a point below which you should not cut food. You can lose weight on a starvation diet, of course, but you also lose your energy and your gaiety.

In the first place, it takes a certain minimum number of calories, 900 to 1000, to cover the protective nutrients needed to take care of the work of the body. When vital nutrients are left out of the diet, the body shifts its source of supply from food to body tissue. It's always a mistake to short - change yourself nutritionally.

A better plan is to step up exercise. With exercise, regular daily exercise, the metabolic rate tends to rise. Remember, the rate of losing your stored fat is set by your calorie deficit—the difference between your daily fuel expenditure and the fuel provided in your daily food.

—:—

THE MORE calories you can burn through exercise, the better your chance to resume reducing. Walk two miles a day and ease through shape ups. Exercise at this stage of reducing is particularly rewarding since you can continue to lose inches even though the pounds refuse to budge.

More exercise will help to overcome the tendency to constipation. It would be well to include some laxative foods, such as prunes or prune juice. If you like buttermilk, have a pint daily. An apple a day or a ripe pear is helpful. The doctor may suggest that you use some bulk-supplying product for a time.

Send a stamped, self - addressed, long envelope for Isometric Exercises. Address request to Ida Jean Kain, care of The Review. Post card requests cannot be answered.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I disagree with you about schoool nurses. In our school the only way a kid can get sent home is if the coroner pronounced him officially dead. Last year during a measles epidemic the school nurse woudn't let anybody go home no matter how sick they were.

When I nearly passed out the teacher sent me to the nurse. She told me to lie down on the cot for half an hour. When the nurse left the room, I got up and phoned my mother. Mom came to get me and I had a temperature of 104 degrees.

The way you sided with the school nurse makes me think you must have been a school nurse yourself before you were Ann Landers. True or false?—HOOSIER STATE.

-:-

Dear Hoosier: False. I was never a school nurse but I did try (unsuccessfully) to fool a few school nurses in my day.

The mail on this subject has been running 20-1 against me. I'm ready to admit there must be some pretty hard-boiled school nurses around—or that you kids have a mighty strong union.

Old Sick Story

Dear Ann: Jack and I have been married 16 years. We have two children in school. My husband is the only son who has allowed his father to run his life. His older brothers moved out of town (lucky people) but we are stuck because Jack works for his father. His hope is that he will one day inherit the business but he has nothing in writing.

Jack's hours are killing. In fact he has NO hours. He is in the store morning, noon and night. He draws no salary. His father doles out whatever he feels like giving—and it's never enough. We are forever stalling bill collectors and I am sick of it. The business does well and there is no reason for my father-in-law to be so tight.

I have begged my husband to stand up like a man and tell his father he wants a salary, part ownership and an annual vacation but he says, "Not yet." What can I do?—SOUND AND FURY.

-:-

Dear Sound: Your husband's dependency on his father is an old and a sick story. You need a third party to help put this papa-sonny boy relationship on a business basis.

Does your husband have an attorney? If not, he should engage one. As a starter, the attorney should be hired to draw up your husband's will. Then he should insist on a steady salary, equity arrangements and other details which have been too long neglected.

Not For Publication

Dear Ann: Last night the clown I'm married to showed me a copy of the letter he wrote to you. For Lord's sake please don't print it!

I've been through so much with this ape I couldn't take another blow. All I need is for that letter to appear in the paper and I'd head for the bridge. The big jerk even signed his right name.

This is an urgent plea, Ann. I beg of you, please don't let me down.—ON MY KNEES.

-:-

Dear On: Get off your knees and stop worrying. I never use the real name of a troubled reader—and I never will.

I have your husband's letter before me and you have my word it will not appear in the paper.

Confidential

TO PLENTY SHOOK: Your letter indicates that you do not know what homosexuality is. Discuss with your doctor and inform yourself instead of tossing around misinformation.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Brick Strike In 52nd Day

The strike of 45 employes at the Crescent Brick Co. in New Cumberland stretched into its 52nd day today with negotiations still in stalemate.

Company representatives and Local 476 of the United Brick & Clayworkers Union met Wednesday at the plant in another bid to reach agreement on a new contract, but "no progress" was reported.

J. Clair Replogle of the Pittsburgh office of the Federal Mediation & Conciliation Service attended. No date was set for another meeting.

The local struck Sept. 1 when the old contract expired, and at least three bargaining sessions since then have failed to produce a settlement on a new pact.

Crescent and the Local remain at odds on wages and working rules.

D. R. Ferguson, plant manager, said copies of a letter explaining Crescent's position have been mailed to each of the employes on strike.

The letter expresses regret that the long negotiations have not produced a settlement, refers to the firm's change in ownership last February, mentions the program of rehabilitation of the plant and a concentrated sales effort to open new markets, reminds that the company was prepared to continue operations on a day-to-day extension of the old agreement and points out that company's proposals are designed to place the operation of Crescent Brick on a solid foundation so it can grow.

Brick Strike In 52nd Day

The strike of 45 employes at the Crescent Brick Co. in New Cumberland stretched into its 52nd day today with negotiations still in stalemate.

Company representatives and Local 476 of the United Brick & Clayworkers Union met Wednesday at the plant in another bid to reach agreement on a new contract, but "no progress" was reported.

J. Clair Replogle of the Pittsburgh office of the Federal Mediation & Conciliation Service attended. No date was set for another meeting.

The local struck Sept. 1 when the old contract expired, and at least three bargaining sessions since then have failed to produce a settlement on a new pact.

Crescent and the Local remain at odds on wages and working rules.

D. R. Ferguson, plant manager, said copies of a letter explaining Crescent's position have been mailed to each of the employes on strike.

The letter expresses regret that the long negotiations have not produced a settlement, refers to the firm's change in ownership last February, mentions the program of rehabilitation of the plant and a concentrated sales effort to open new markets, reminds that the company was prepared to continue operations on a day-to-day extension of the old agreement and points out that company's proposals are designed to place the operation of Crescent Brick on a solid foundation so it can grow.

Potters To Meet Improved Martins Ferry Club Friday

NICK MARCHBANKS
Will Be Out Two Weeks.

After losing three straight games to very respectable opponents, Coach Bob Wion felt it necessary to make several adjustments to his offense.

Apparently the changes have paid off and East Liverpool will be facing a much improved Martins Ferry team which invades Patterson Field Friday night.

The Purple Riders went undefeated last year and have a large group of lettermen back this season. It seemed hard to figure why Martins Ferry started out the season on a losing note.

ONE REASON was the fact that Bob DiStefano, who was named Ohio's back-of-the-year last season, is not around. The other could be that Martins Ferry was knocking heads with some stiff opposition in those first three games.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Marchbanks May Miss Next 2 Tilts

Since Wion changed his offense, the Riders have racked up 72 points in two games defeating St. Clairsville, 40-0 and Wheeling Linsly, 32-6.

Martins Ferry opened the season with Bellaire and it was quite a shock to the Purple Riders who wound up on the short end of a 20-0 verdict.

—:—

NEXT CAME Marietta with one of its strongest clubs in sometime and handed the Riders a 32-22 setback. The third game of the season saw undefeated Wheeling take a 25-7 contest but in that battle, Martins Ferry held a 7-6 lead going into the fourth quarter.

Of the three opponents who own victories over Martins Ferry, Bellaire and Marietta only have lost one game and Wheeling has continued undefeated.

Potter coach Bob McNea said "Martins Ferry was making a lot of mistakes on offense earlier in the season but are doing things real well now."

He tabbed Rider quarterback Dave Joseph as "probably one of the best the Potters will face all season."

—:—

MARTINS Ferry will lineup as the biggest team East Liverpool has faced on the 1964 card even heavier than Steubenville Central especially along the defensive line.

Wion was hit by a 'key' injury in Lou Keys, a 218 pounder, who was an all-state tackle as a junior. Keys is listed as a doubtful starter for Friday's game with a leg injury. Replacing Keys will be senior Bruce Monyahan a 200 pounder.

Wion will be starting nine lettermen all of whom saw action last year when Martins Ferry handed the Potters a 24-8 setback.

—:—

JOSEPH, a 154-pound senior, will be calling the signals and is rated a pretty good passer and fair runner. Joining Joseph in the backfield will be halfbacks Dave Totterdale, 175 - pound junior and Bob Sushka, 173 - pound senior.

The fullback will be Terry Wildman, 190-pound senior, who was converted from an end. All four backfield starters are lettermen and if that isn't enough Tom Burney, a 175-pound senior letter winner will alternate at halfback.

Five members of the forward wall are lettermen, led by co-captain Bill Padgelek, a 170 - pound end. Terry Hanson 170-pound senior will be at the other terminal while Paul Canter (215) and Monyahan will man the tackle spot.

LINING up at guards will be Denny Secrist, 146-pound senior and Vaughn Keenan, 150-pound senior. Dave Lash, 185 - pound senior, is the center.

All but Secrist and Keenan lettered last season.

The defensive star of the Martins Ferry eleven is Ernie Smallas, 185 - pound junior who plays middle linebacker.

Smallas has lettered for two years, earning a monogram his freshman season.

For extra beef in the defensive line Wion will insert Tom Campbell, 220-pound junior and Ray Sarko 225 pound senior and a transfer from Barnesville.

The Riders can't pinpoint any one standout but rate as a well balanced team with all the backs sharing the load.

In the Potter camp, McNea had some good news mixed with bad news.

THE GOOD news is that co-captain and tackle Mike Snowden will be ready for action Friday after sitting out two games with a knee injury. The bad news is Nick Marchbanks, the Potters hard running halfback, who will probably be out for the next two contests.

Marchbanks suffered a knee injury in last week's game with Steubenville Big Red and only saw about four minutes of action in that game.

Pat Chema probably will replace Marchbanks but Chema didn't practice Tuesday because of a slight touch of flu and Dick Lamborn, who would be the next in line for the job has been bothered with a sore chest.

The Potters will be going after their fifth victory against one loss and a tie Friday night.

Frisco Drops 3rd Straight Without Wilt

BALTIMORE (AP) — Elgin Baylor's injured knees are giving him less trouble; Wilt Chamberlain's stomach ailment finally has been diagnosed and he is ready to leave the hospital.

Both health reports can only make the rest of the National Basketball Association clubs sick at heart.

With Chamberlain still in a Philadelphia hospital, the winless San Francisco Warriors dropped their third straight decision Wednesday night 108-104 to the Detroit Pistons.

Baylor, given about 10 minutes of rest on the bench under doctor's orders, missed 10 of his first 11 shots but still managed to score 23 points as the Los Angeles Lakers downed the Baltimore Bullets 108-105 in the only other game on Wednesday's card.

Reggie Harding paced Detroit with 22 points as the Pistons won their first game of the season. His hook shot with 50 seconds left eased the pressure after the Warriors pulled to within two points of a tie.

Guy Rodgers topped San Francisco with 20 while Nate Thurmond, Chamberlain's replacement at center, scored 19.

While the Warriors were losing in Detroit, the front office announced in San Francisco that Chamberlain's mysterious ailment has been diagnosed as inflammation of the pancreas.

The condition can be controlled by medication and diet, and the 7-foot-1 scoring ace may rejoin the team at home Friday.

Jerry West topped Los Angeles with 33 points.

Bailey Howell scored 29 for Baltimore.

Indians Land Yanks' Terry

CLEVELAND (AP)—Pitcher Ralph Terry, the first player payment from the New York Yankees in a trade for pitcher Pedro Ramos, says, "I'm glad the Indians want me. I think they have a good club." Terry was sent to the Tribe Wednesday.

The second Yankee player has not been named. In addition the Indians reportedly got $75,000 for Ramos, who was traded last month and worked as a relief pitcher for the Yanks.

Terry, 28, appeared in 27 season and finished with a 7-11 mark. He won five of his last 10 starts. He had a 17-15 record in 1963 and won 23 games in 1962 when he was named the most outstanding pitcher in the World Series.

City Obtains Injunction

By DICK COUCH
Associated Press Sports Writer

NEW YORK (AP) — National League club owners met today to consider the transfer of the Milwaukee franchise to Atlanta for 1965 but a bare-knuckle fight between the Braves and Milwaukee officials raised speculation as to what action—if any—the owners would take.

The Braves' board of directors voted Wednesday to move the team—for the second time in 11 years—and the owners were expected to approve the shift.

But several hours after the club's decision to quit Milwaukee was announced, a temporary injunction was obtained by Milwaukee County officials restraining the Braves from moving or from seeking permission to move.

Whether the unprecedented legal maneuver would serve to block the club owners' action at today's special meeting in a mid-town hotel could not be determined. Legal papers apparently would have to be served here prior to the meeting.

League President Warren Giles said Wednesday night he had not been informed of the injunction and planned to go ahead with the meeting. He would seek legal counsel, he said, if it became necessary.

Milwaukee's legal counterpunch followed a 12-6 vote by the Braves' directors, meeting in Chicago, to shift the club.

The injunction forbids the Braves from applying to either the president of the league or the owners of other clubs for sanction to move. It temporarily prohibits the Braves, who have a year remaining on their County Stadium contract, from arranging, agreeing to play or scheduling any 1965 games at any site other than Milwaukee.

Braves representatives were ordered by Circuit Judge Ronald Drechsler to appear next Tuesday to show cause why the injunction should not be made permanent.

Until the legal bombshell was dropped it appeared certain that the owners would approve the shift. Approval by six of the other nine clubs was needed and no serious opposition was foreseen.

The southern exodus of the Braves, charter members of the National League who moved from Boston to Milwaukee in 1953, was approved at a closed, two-hour conference—one day after league President Warren Giles called the New York meeting "to further discuss the situation and take action thereon."

After the directors' meeting, newsmen, including one from Atlanta, were handed a prepared statement by Braves' publicity director Ernie Johnson. The terse statement announced the decision to move the franchise but gave no reasons for the shift, explaining that Giles had asked that no information be released until after the New York session.

"Shortly thereafter," the statement read, "the Braves' management will release a detailed statement outlining all the various considerations for any action taken."

Although the Braves won't say so publicly, contributing factors to the decision included dwindling attendance and insufficient radio and television revenue.

Rumors of the move to Atlanta were circulated as early as the spring of 1963, shortly after Lou Perini sold controlling interest in the club to a syndicate of Chicago businessmen, headed by Bill Bartholomay.

Attendance had dipped from a high of 2,215,404 in 1957—when the Braves won the NL pennant and defeated the New York Yankees in the World Series—to 766,927 in 1962.

The Braves' decision to quit Milwaukee, coming on the heels of managerial changes by both the National and American League pennant winners, provided another bizarre element to the aftermath of the 1964 season, which ended a week ago with the St. Louis Cardinals' World Series victory over the New York Yankees.

Johnny Keane resigned as manager of the Cardinals and was hired by the Yankees, who had dismissed Yogi Berra. Red Schoendienst inherited the Cardinal job. Dick Sisler replaced the ailing Fred Hutchinson as manager of the Cincinnati Reds and Harry Walker succeeded Danny Murtaugh as pilot of the Pittsburgh Pirates.

Last week Cleveland Indians directors decided to remain in Cleveland for at least one more year, dispelling reports of an American League shift.

Clemente Named In Outfield

Koufax, Chance Lead Votes For Major All-Star Squad

NEW YORK (AP) — Los Angeles pitchers Sandy Koufax of the Dodgers and Dean Chance of the Angels polled the most votes among players named to The Associated Press' annual major league baseball All-Star team today.

Koufax collected 77 votes and Chance 71 in the balloting by 85 baseball writers. The left-handed Koufax won 19 games before he was sidelined for the year by a sore arm in mid-August. Chance, a right-hander, compiled a 20-9 record.

The Angels also placed shortstop Jim Fregosi on the 10-man team. Three members of the New York Yankees, the American League pennant winners, were chosen. They were outfielder Mickey Mantle, catcher Elston Howard and second baseman Bobby Richardson. First baseman Bill White was the only member of the champion St. Louis Cards selected.

Others named were third baseman Brooks Robinson of Baltimore and outfielders Willie Mays of San Francisco and Roberto Clemente of Pittsburgh.

The voting was one-sided for each position except outfield and shortstop. Clemente, third in the balloting, had 61 votes followed among the outfielders by Mays with 54 and Mantle 51.

At shortstop, Fregosi had 35 votes and Luis Aparicio of Baltimore collected 24.

In addition to Aparicio, the second team was comprised of first baseman Orlando Cepeda and right-handed pitcher Juan Marichal of San Francisco, outfielder Hank Aaron and catcher Joe Torre of Milwaukee, second baseman Ron Hunt of the New York Mets, third baseman Ken Boyer of St. Louis, outfielders Tony Oliva of Minnesota and Johnny Callison of Philadelphia and southpaw pitcher Gary Peters, Chicago White Sox.

Manning Named President Of Grid Officials

Del Manning was elected president of the Columbiana County Football Officials Association at a meeting Wednesday night at the YMCA.

Manning will serve a two - year term and succeeds Dick Owen who was named to the board of directors.

Bill Sutherland is the new vice president and Don Hancock was returned as secretary - treasurer.

Last night's meeting was the last of the season.

Hancock announced that the examination for basketball officials would be given Nov. 16 and anyone interested in becoming a basketball referee should contact him.

Atlanta Is Ready To Greet Braves

ATLANTA (AP) — Atlanta, considered one of the nation's top sports towns, is already welcoming the transfer of the Milwaukee Braves to the Southeast.

Citizens from the governor to a shoeshine boy said they were pleased by the team owners' action approving the transfer Wednesday.

Mayor Ivan Allen Jr., a key figure in the city's drive to attain major league status, was pleased that the Braves "have chosen to make the national pastime truly national, to give the 24 million people who live in these seven southeastern states a share in the major leagues."

Gov. Carl Sanders of Georgia noted: "The national reputation of our state is considerably boosted by the very presence of such a prestigious ball club. I need not emphasize the fact that this addition to our sports family will greatly enhance the economy of the entire state."

One of the town's best known sports figures, football Coach Bobby Dodd of Georgia Tech, said the Braves' move would be a wonderful opportunity for the team and Atlanta.

"From Atlanta's standpoint, the Braves are probably the most popular team in the majors," Dodd said.

An $18 million stadium now being constructed near the juncture of three interstate highways is scheduled to be ready by April 15, 1965 — about one year after a crash building program was started on the 47-acre urban renewal site.

Mayor Allen had promised citizens they would hear the crack of a major league bat at that time. Build the stadium, Allen said, and a major league team will follow.

The concrete-and-steel stadium will seat 57,000 for football and 50,000 for baseball.

The Braves will have a large, potential audience to tap—an audience with a reputation for attending sports events. More than a million persons live in the Atlanta metropolitan area and it is estimated that 1,750,000 persons live within three hours' driving time of the stadium.

Atlanta has had a minor league baseball team since 1901. For many years, the city was one of the leaders in attendance in the old Southern Association.

Remaining Card Favoring Russia

By TED SMITS
Associated Press Sports Writer

TOKYO (AP) — The on-rushing forces of Russia, buoyed by the strength of its canoeists, grabbed off seven more Olympic Games medals today, moved to within 17 of the United States' leading total of 88 and appeared to be in excellent position to overhaul the Americans.

The United States had a lead of 86-64 going into this next-to-last full day of competition in the 18th modern Olympics, but managed to pick up only two medals, a silver in women's kayak doubles and a bronze in women's kayak singles by Marcia Jones of Oklahoma City.

Russia, meanwhile, gathered in three gold and a bronze in canoeing, two bronze in judo and a bronze in equestrian dressage and pushed its total to 71 medals, including 22 gold. The United States has 34 gold, 26 silver and 28 bronze.

And the program is all in Russia's favor.

Much of the Thursday night and Friday schedule is devoted to gymnastics, where the Russians have dominated for the last two Olympics.

And it goes deeper than that.

The Russians are assured of seven medals in boxing, either silver or gold, since they have that number of fighters in Friday's finals. The United States has one, heavyweight Billy Frazier of Philadelphia.

The Soviets seem assured of two medals in volleyball, where their men's and women's teams are among the leaders. The United States is out of contention. The United States and Russia are matched in the basketball final, so each will pick up one medal there.

But the key to it all is the success or failure of the Russian gymnasts. The United States isn't expected to score, but Russia must make up some 10 or 12 to overtake the Americans. And they could do it. Russia won 15 gym medals in 1960.

Although nationalism and team comparisons are discouraged by Olympic officials, the team struggle between the Americans and the Soviets has been a key factor ever since Russia began competing in the Games.

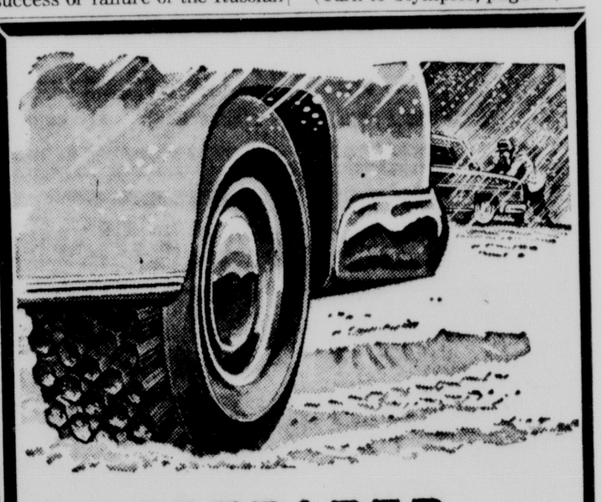

Only their first time out, at the 1952 Games in Helsinki, have the Russians lost. The United States won the medal race there 76-69, and 40-22 in gold. At Melbourne in 1956 Russia led 98-74 and 37-32 in gold. In 1960 at Rome the count was 103-71 for Russia over-all and 43-34 in gold.

Such team comparison was further discouraged today in a terse little message that moved on the official results wire of the Olympics. The message said:

"At the request of the Tokyo Olympic Organizing Committee, acting on the instructions from Mr. Avery Brundage, president of the International Olympic Committee, International Business Machines (which runs the results service) is discontinuing as of now the compilation and publication of the medals list."

Potters To Meet Improved Martins Ferry Club Friday

NICK MARCHBANKS
Will Be Out Two Weeks.

After losing three straight games to very respectable opponents, Coach Bob Wion felt it necessary to make several adjustments to his offense.

Apparently the changes have paid off and East Liverpool will be facing a much improved Martins Ferry team which invades Patterson Field Friday night.

The Purple Riders went undefeated last year and have a large group of lettermen back this season. It seemed hard to figure why Martins Ferry started out the season on a losing note.

ONE REASON was the fact that Bob DiStefano, who was named Ohio's back-of-the-year last season, is not around. The other could be that Martins Ferry was knocking heads with some stiff opposition in those first three games.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Marchbanks May Miss Next 2 Tilts

Since Wion changed his offense, the Riders have racked up 72 points in two games defeating St. Clairsville, 40-0 and Wheeling Linsly, 32-6.

Martins Ferry opened the season with Bellaire and it was quite a shock to the Purple Riders who wound up on the short end of a 20-0 verdict.

—:—

NEXT CAME Marietta with one of its strongest clubs in sometime and handed the Riders a 32-22 setback. The third game of the season saw undefeated Wheeling take a 25-7 contest but in that battle, Martins Ferry held a 7-6 lead going into the fourth quarter.

Of the three opponents who own victories over Martins Ferry, Bellaire and Marietta only have lost one game and Wheeling has continued undefeated.

Potter coach Bob McNea said "Martins Ferry was making a lot of mistakes on offense earlier in the season but are doing things real well now."

He tabbed Rider quarterback Dave Joseph as "probably one of the best the Potters will face all season."

—:—

MARTINS Ferry will lineup as the biggest team East Liverpool has faced on the 1964 card even heavier than Steubenville Central especially along the defensive line.

Wion was hit by a 'key' injury in Lou Keys, a 218 pounder, who was an all-state tackle as a junior. Keys is listed as a doubtful starter for Friday's game with a leg injury. Replacing Keys will be senior Bruce Monyahan a 200 pounder.

Wion will be starting nine lettermen all of whom saw action last year when Martins Ferry handed the Potters a 24-8 setback.

—:—

JOSEPH, a 154-pound senior, will be calling the signals and is rated a pretty good passer and fair runner. Joining Joseph in the backfield will be halfbacks Dave Totterdale, 175 - pound junior and Bob Sushka, 173 - pound senior.

The fullback will be Terry Wildman, 190-pound senior, who was converted from an end. All four backfield starters are lettermen and if that isn't enough Tom Burney, a 175-pound senior letter winner will alternate at halfback.

Five members of the forward wall are lettermen, led by co-captain Bill Padgelek, a 170 - pound end. Terry Hanson 170-pound senior will be at the other terminal while Paul Canter (215) and Monyahan will man the tackle spot.

LINING up at guards will be Denny Secrist, 146-pound senior and Vaughn Keenan, 150-pound senior. Dave Lash, 185 - pound senior, is the center.

All but Secrist and Keenan lettered last season.

The defensive star of the Martins Ferry eleven is Ernie Smallas, 185 - pound junior who plays middle linebacker.

Smallas has lettered for two years, earning a monogram his freshman season.

For extra beef in the defensive line Wion will insert Tom Campbell, 220-pound junior and Ray Sarko 225 pound senior and a transfer from Barnesville.

The Riders can't pinpoint any one standout but rate as a well balanced team with all the backs sharing the load.

In the Potter camp, McNea had some good news mixed with bad news.

THE GOOD news is that co-captain and tackle Mike Snowden will be ready for action Friday after sitting out two games with a knee injury. The bad news is Nick Marchbanks, the Potters hard running halfback, who will probably be out for the next two contests.

Marchbanks suffered a knee injury in last week's game with Steubenville Big Red and only saw about four minutes of action in that game.

Pat Chema probably will replace Marchbanks but Chema didn't practice Tuesday because of a slight touch of flu and Dick Lamborn, who would be the next in line for the job has been bothered with a sore chest.

The Potters will be going after their fifth victory against one loss and a tie Friday night.

Frisco Drops 3rd Straight Without Wilt

BALTIMORE (AP) — Elgin Baylor's injured knees are giving him less trouble; Wilt Chamberlain's stomach ailment finally has been diagnosed and he is ready to leave the hospital.

Both health reports can only make the rest of the National Basketball Association clubs sick at heart.

With Chamberlain still in a Philadelphia hospital, the winless San Francisco Warriors dropped their third straight decision Wednesday night 108-104 to the Detroit Pistons.

Baylor, given about 10 minutes of rest on the bench under doctor's orders, missed 10 of his first 11 shots but still managed to score 23 points as the Los Angeles Lakers downed the Baltimore Bullets 108-105 in the only other game on Wednesday's card.

Reggie Harding paced Detroit with 22 points as the Pistons won their first game of the season. His hook shot with 50 seconds left eased the pressure after the Warriors pulled to within two points of a tie.

Guy Rodgers topped San Francisco with 20 while Nate Thurmond, Chamberlain's replacement at center, scored 19.

While the Warriors were losing in Detroit, the front office announced in San Francisco that Chamberlain's mysterious ailment has been diagnosed as inflammation of the pancreas.

The condition can be controlled by medication and diet, and the 7-foot-1 scoring ace may rejoin the team at home Friday.

Jerry West topped Los Angeles with 33 points.

Bailey Howell scored 29 for Baltimore.

Indians Land Yanks' Terry

CLEVELAND (AP)—Pitcher Ralph Terry, the first player payment from the New York Yankees in a trade for pitcher Pedro Ramos, says, "I'm glad the Indians want me. I think they have a good club." Terry was sent to the Tribe Wednesday.

The second Yankee player has not been named. In addition the Indians reportedly got $75,000 for Ramos, who was traded last month and worked as a relief pitcher for the Yanks.

Terry, 28, appeared in 27 season and finished with a 7-11 mark. He won five of his last 10 starts. He had a 17-15 record in 1963 and won 23 games in 1962 when he was named the most outstanding pitcher in the World Series.

City Obtains Injunction

By DICK COUCH
Associated Press Sports Writer

NEW YORK (AP) — National League club owners met today to consider the transfer of the Milwaukee franchise to Atlanta for 1965 but a bare-knuckle fight between the Braves and Milwaukee officials raised speculation as to what action—if any—the owners would take.

The Braves' board of directors voted Wednesday to move the team—for the second time in 11 years—and the owners were expected to approve the shift.

But several hours after the club's decision to quit Milwaukee was announced, a temporary injunction was obtained by Milwaukee County officials restraining the Braves from moving or from seeking permission to move.

Whether the unprecedented legal maneuver would serve to block the club owners' action at today's special meeting in a mid-town hotel could not be determined. Legal papers apparently would have to be served here prior to the meeting.

League President Warren Giles said Wednesday night he had not been informed of the injunction and planned to go ahead with the meeting. He would seek legal counsel, he said, if it became necessary.

Milwaukee's legal counterpunch followed a 12-6 vote by the Braves' directors, meeting in Chicago, to shift the club.

The injunction forbids the Braves from applying to either the president of the league or the owners of other clubs for sanction to move. It temporarily prohibits the Braves, who have a year remaining on their County Stadium contract, from arranging, agreeing to play or scheduling any 1965 games at any site other than Milwaukee.

Braves representatives were ordered by Circuit Judge Ronald Drechsler to appear next Tuesday to show cause why the injunction should not be made permanent.

Until the legal bombshell was dropped it appeared certain that the owners would approve the shift. Approval by six of the other nine clubs was needed and no serious opposition was foreseen.

The southern exodus of the Braves, charter members of the National League who moved from Boston to Milwaukee in 1953, was approved at a closed, two-hour conference—one day after league President Warren Giles called the New York meeting "to further discuss the situation and take action thereon."

After the directors' meeting, newsmen, including one from Atlanta, were handed a prepared statement by Braves' publicity director Ernie Johnson. The terse statement announced the decision to move the franchise but gave no reasons for the shift, explaining that Giles had asked that no information be released until after the New York session.

"Shortly thereafter," the statement read, "the Braves' management will release a detailed statement outlining all the various considerations for any action taken."

Although the Braves won't say so publicly, contributing factors to the decision included dwindling attendance and insufficient radio and television revenue.

Rumors of the move to Atlanta were circulated as early as the spring of 1963, shortly after Lou Perini sold controlling interest in the club to a syndicate of Chicago businessmen, headed by Bill Bartholomay.

Attendance had dipped from a high of 2,215,404 in 1957—when the Braves won the NL pennant and defeated the New York Yankees in the World Series—to 766,927 in 1962.

The Braves' decision to quit Milwaukee, coming on the heels of managerial changes by both the National and American League pennant winners, provided another bizarre element to the aftermath of the 1964 season, which ended a week ago with the St. Louis Cardinals' World Series victory over the New York Yankees.

Johnny Keane resigned as manager of the Cardinals and was hired by the Yankees, who had dismissed Yogi Berra. Red Schoendienst inherited the Cardinal job. Dick Sisler replaced the ailing Fred Hutchinson as manager of the Cincinnati Reds and Harry Walker succeeded Danny Murtaugh as pilot of the Pittsburgh Pirates.

Last week Cleveland Indians directors decided to remain in Cleveland for at least one more year, dispelling reports of an American League shift.

Clemente Named In Outfield

Koufax, Chance Lead Votes For Major All-Star Squad

NEW YORK (AP) — Los Angeles pitchers Sandy Koufax of the Dodgers and Dean Chance of the Angels polled the most votes among players named to The Associated Press' annual major league baseball All-Star team today.

Koufax collected 77 votes and Chance 71 in the balloting by 85 baseball writers. The left-handed Koufax won 19 games before he was sidelined for the year by a sore arm in mid-August. Chance, a right-hander, compiled a 20-9 record.

The Angels also placed shortstop Jim Fregosi on the 10-man team. Three members of the New York Yankees, the American League pennant winners, were chosen. They were outfielder Mickey Mantle, catcher Elston Howard and second baseman Bobby Richardson. First baseman Bill White was the only member of the champion St. Louis Cards selected.

Others named were third baseman Brooks Robinson of Baltimore and outfielders Willie Mays of San Francisco and Roberto Clemente of Pittsburgh.

The voting was one-sided for each position except outfield and shortstop. Clemente, third in the balloting, had 61 votes followed among the outfielders by Mays with 54 and Mantle 51.

At shortstop, Fregosi had 35 votes and Luis Aparicio of Baltimore collected 24.

In addition to Aparicio, the second team was comprised of first baseman Orlando Cepeda and right-handed pitcher Juan Marichal of San Francisco, outfielder Hank Aaron and catcher Joe Torre of Milwaukee, second baseman Ron Hunt of the New York Mets, third baseman Ken Boyer of St. Louis, outfielders Tony Oliva of Minnesota and Johnny Callison of Philadelphia and southpaw pitcher Gary Peters, Chicago White Sox.

Giants Have Too Many Errors, Sherman Says

CLEVELAND (AP) — "We just haven't been consistent. We've been making bad plays and not coming up with the big ones."

A hundred coaches across the country probably have said the same thing this season, but coming from Allie Sherman it means the New York Giants have problems in the National Football League.

"We haven't been able to overcome our mistakes," said Sherman. "Some of the mistakes are due to young guys on the ball club."

The Giants will play the Cleveland Browns Sunday in Municipal Stadium before an expected crowd of 80,000. This will be the 13th time the Browns have drawn 80,000 since the team was organized in 1946 and ninth time since Art Modell took over as president in 1961.

But Sherman is more interested in victories than attendance. The Giants are 1-4-1 in the Eastern Division, tied for third place with the Dallas Cowboys. The Browns and St. Louis Cardinals are tied for first at 4-1-1.

Sherman admits that quarterback Y. A. Tittle's timing is off. "If Y.A. comes on it'll help," Sherman said. The coach has rookie Gary Wood in reserve, and said he was doing "well enough for a first - year man."

The Browns haven't been terrifying foes with their passing attack, either. Coach Blanton Collier said he was about to pull starter Frank Ryan for Jim Ninowski in last week's game against Dallas until Bernie Parrish intercepted a pass and ran back for a touchdown to give the Browns a 20-16 victory.

Collier says he'll start Ryan again Sunday, however.

Whatever the outcome Sunday, the sellout crowd can expect another tough game. The Giants and Browns have an overall series of 14-14-2. Last year the two teams split, with the Giants going on to win the Eastern Division. The Browns finished second.

Board To Be Asked To Finish Reservoir

COLUMBUS, Ohio (AP)—Natural Resources Director Fred Morr planned to ask the State Controlling Board today to take action aimed at completing the Salt Fork Creek reservoir north of Cambridge—a project intended to provide more water for that city for industrial expansion.

Morr planned to ask the board to release $1,191,175 to buy 10,943 acres to complete the site of the reservoir and for the board's approval to buy 111 parcels of land and flowage easements on 832 more acres estimated to cost $30,070.

to such tabulations, contending that each event is an individual competition and that nationalism should be discouraged.

The United States, which got surprising support from its shooters, also got some surprise help from its canoeists, who prevented an anticipated shutout in medals today.

Francine Fox, a 15-year-old schoolgirl, and Gloria Perrier, a 35-year-old clerk, both from Washington, D.C., were second behind Germany's winning pair in women's kayak doubles.

The Washington girls were timed in 1:59.16 for the 500 meters of the rainswept course, while the Germans won in 1:56.95.

And Maria Jones, a pretty, 23-year-old Michigan State student from Oklahoma City, was closing fast and just missed taking second in the women's kayak singles.

Montreal Takes Over NHL Lead

CHICAGO (AP) — Montreal took over the National Hockey League lead with a 5-5 tie with the Chicago Black Hawks Wednesday night.

The Canadiens remain unbeaten in four games with two ties to bag six points. Chicago has five points and shares second place with Toronto. However, the Maple Leafs can regain the lead with a victory at Boston tonight in the only game scheduled.

Chico Maki's goal in the third period pulled the Hawks into the stalemate at Montreal after Chicago blew an early three-goal lead. The Canadiens struck for five second-period scores with unaided goals by Jacques Laperriere and Ralph Backstrom within eight seconds, capping the rally.

In New York, a deflection by Detroit's Norm Ullman provided a third-period tally and a 1-0 victory for the Red Wings. It ended a duel of goalies between Detroit rookie Roger Crozier and the Rangers' Marcel Paille.

Wisconsin, Mich. Stars Gain Honors

CHICAGO (AP)—A quarterback in a losing cause and a fullback for a comeback team reaped midwest football accolades Thursday in a report by the AP's Regional All-America Board.

The quarterback is rugged Bob Timberlake, whose Michigan team was upset by Purdue 21-20.

The fullback is Ralph Kurek, who slammed 103 yards on 29 carries in Wisconsin's 31-21 triumph over Iowa after successive drubbings by Notre Dame and Purdue.

All-America prospects like Illinois' linebacker Dick Butkus and two great passing combinations—Notre Dame's John Huarte and Jack Snow and Iowa's Gary Snook and Karl Noonan—held their ground, but a flock of newcomers got a call from the midwest board.

Quarterbacks, especially, crowded into the spotlight.

In addition to Timberlake, Huarte and Snook, Bob Griese of Purdue, Rich Badar of Indiana, Harold Brandt of Wisconsin and Ernie Kellermann, who directed Miami of Ohio to a 28-27 upset of Northwestern were cited.

Kellermann was tabbed by board member Jim Ferguson of the Dayton, Ohio, News as "the best quarterback, by far, that I've seen this season."

Among last Saturday's defensive eye-catchers were safety George Donnelly of Illinois; a Purdue trio including end Harold Wells and tackles Jim Garcia and Jerry Shay; end Jim Conley and linebacker Tom Cecchini of Michigan; and end Aaron Brown of Minnesota.

Others remaining high on the midwest All-America checklist include ends Bill Spahr of Ohio State, John Henderson of Michigan and Bob Hadrick of Purdue; tackle Bill Yearby of Michigan; linebacker Jim Carroll of Notre Dame; and fullbacks Willard Sander of Ohio State, Tom Nowatzke of Indiana and Jim Grabowski of Illinois.

Rhodes Proclaims Mourning For Hoover

COLUMBUS, Ohio (AP)—The period from now to Nov. 18 has been proclaimed a time of mourning for former President Herbert Hoover by Gov. James A. Rhodes.

Rhodes directed that flags be flown at half-staff during the period of mourning for Hoover, who died Tuesday.

Humphrey Says Barry Aims To Destroy Achievements

ROCHESTER, N.Y. (AP) — Steering his campaign from the Midwest into the East, Sen. Hubert H. Humphrey contended today that Barry Goldwater aims "to destroy the social and economic achievements of the past generation."

The Republican presidential candidate, said Humphrey, repudiates bipartisan foreign policy, accepts the support of extremists and "alienates loyal and responsible members of the Republican party."

The Democratic vice presidential nominee rejuggled his schedule to attend the funeral services of former President Herbert Hoover. He plans to leave Rochester early this afternoon to attend the New York services.

In Rochester, Humphrey contended that Goldwater "preaches the doctrine of selfish irresponsibility — a doctrine uninformed by history, uncontrolled by reason and untempered by charity."

"It is this doctrine of selfish irresponsibility which appeals so directly to various extremist groups in America."

Humphrey's day started Wednesday in Paducah, Ky. He flew into Chicago's Midway Airport at nightfall before heading to nearby Gary, Ind., for a speech.

Blatt Plane Has Power Failure, But Lands Okay

PITTSBURGH (AP)—A chartered plane carrying Genevieve Blatt, Democratic candidate for the U.S. Senate, had an electrical power failure over the Youngstown, Ohio, Municipal Airport Wednesday.

An aide to Miss Blatt said the plane touched the field "then shot up in the air again fast and circled."

A fire engine, crash truck, police car and ambulance stood by as the craft approached the field again. This time it landed safely. The pilot used a mechanical lever to lower the landing gear.

Steubenville College Invites Area Seniors

Area high school seniors considering entering any college or university next fall have been extended an invitation to attend the third annual Preparation for College Day sponsored by the College of Steubenville Oct. 31. Faculty members who counsel and advise students on college careers also have been invited.

The entire program is arranged to provide guidance and advice to district and area young people, whether or not the student is interested in attending the College of Steubenville. The admissions and counseling staffs of the college, as well as heads of all departments, will be available in three morning sessions to offer advice and and answer questions.

There are no registration fees of any kind charged for these consultations beginning at 9 a. m. with a coffee hour.

FBI Not To Prosecute In Truck Theft Case

LISBON — Police were notified Wednesday that the FBI will not prosecute Lawrence Eugene Hagan, 32, of Kensington for theft of a truck of Kuhn's Hardware Oct. 8 from Lisbon.

The FBI said investigation showed Hagan escaped last April from the Cambridge State Hospital and it is expected the hospital will take custody.

Hagan was arrested in the stolen truck Oct. 12 in Philippi, W. Va., and police returned the truck but Hagan refused to waive extradition and the FBI was notified.

Case Study Ordered Of Ex-Revenue Agent

COLUMBUS, Ohio (AP)—The probation department has been ordered to make a case study before sentence is pronounced on David C. Osborn, former internal revenue agent charged with armed robbery.

Osborn, 46, pleaded guilty before Common Pleas Court Judge Kenneth L. Sater Wednesday to holding up a supermarket last March 3. He was captured before he could flee with $829 in loot.

Giants Have Too Many Errors, Sherman Says

CLEVELAND (AP) — "We just haven't been consistent. We've been making bad plays and not coming up with the big ones."

A hundred coaches across the country probably have said the same thing this season, but coming from Allie Sherman it means the New York Giants have problems in the National Football League.

"We haven't been able to overcome our mistakes," said Sherman. "Some of the mistakes are due to young guys on the ball club."

The Giants will play the Cleveland Browns Sunday in Municipal Stadium before an expected crowd of 80,000. This will be the 13th time the Browns have drawn 80,000 since the team was organized in 1946 and ninth time since Art Modell took over as president in 1961.

But Sherman is more interested in victories than attendance. The Giants are 1-4-1 in the Eastern Division, tied for third place with the Dallas Cowboys. The Browns and St. Louis Cardinals are tied for first at 4-1-1.

Sherman admits that quarterback Y. A. Tittle's timing is off. "If Y.A. comes on it'll help," Sherman said. The coach has rookie Gary Wood in reserve, and said he was doing "well enough for a first - year man."

The Browns haven't been terrifying foes with their passing attack, either. Coach Blanton Collier said he was about to pull starter Frank Ryan for Jim Ninowski in last week's game against Dallas until Bernie Parrish intercepted a pass and ran back for a touchdown to give the Browns a 20-16 victory.

Collier says he'll start Ryan again Sunday, however.

Whatever the outcome Sunday, the sellout crowd can expect another tough game. The Giants and Browns have an overall series of 14-14-2. Last year the two teams split, with the Giants going on to win the Eastern Division. The Browns finished second.

Board To Be Asked To Finish Reservoir

COLUMBUS, Ohio (AP)—Natural Resources Director Fred Morr planned to ask the State Controlling Board today to take action aimed at completing the Salt Fork Creek reservoir north of Cambridge—a project intended to provide more water for that city for industrial expansion.

Morr planned to ask the board to release $1,191,175 to buy 10,943 acres to complete the site of the reservoir and for the board's approval to buy 111 parcels of land and flowage easements on 832 more acres estimated to cost $30,070.

to such tabulations, contending that each event is an individual competition and that nationalism should be discouraged.

The United States, which got surprising support from its shooters, also got some surprise help from its canoeists, who prevented an anticipated shutout in medals today.

Francine Fox, a 15-year-old schoolgirl, and Gloria Perrier, a 35-year-old clerk, both from Washington, D.C., were second behind Germany's winning pair in women's kayak doubles.

The Washington girls were timed in 1:59.16 for the 500 meters of the rainswept course, while the Germans won in 1:56.95.

And Maria Jones, a pretty, 23-year-old Michigan State student from Oklahoma City, was closing fast and just missed taking second in the women's kayak singles.

Montreal Takes Over NHL Lead

CHICAGO (AP) — Montreal took over the National Hockey League lead with a 5-5 tie with the Chicago Black Hawks Wednesday night.

The Canadiens remain unbeaten in four games with two ties to bag six points. Chicago has five points and shares second place with Toronto. However, the Maple Leafs can regain the lead with a victory at Boston tonight in the only game scheduled.

Chico Maki's goal in the third period pulled the Hawks into the stalemate at Montreal after Chicago blew an early three-goal lead. The Canadiens struck for five second-period scores with unaided goals by Jacques Laperriere and Ralph Backstrom within eight seconds, capping the rally.

In New York, a deflection by Detroit's Norm Ullman provided a third-period tally and a 1-0 victory for the Red Wings. It ended a duel of goalies between Detroit rookie Roger Crozier and the Rangers' Marcel Paille.

Wisconsin, Mich. Stars Gain Honors

CHICAGO (AP)—A quarterback in a losing cause and a fullback for a comeback team reaped midwest football accolades Thursday in a report by the AP's Regional All-America Board.

The quarterback is rugged Bob Timberlake, whose Michigan team was upset by Purdue 21-20.

The fullback is Ralph Kurek, who slammed 103 yards on 29 carries in Wisconsin's 31-21 triumph over Iowa after successive drubbings by Notre Dame and Purdue.

All-America prospects like Illinois' linebacker Dick Butkus and two great passing combinations—Notre Dame's John Huarte and Jack Snow and Iowa's Gary Snook and Karl Noonan—held their ground, but a flock of newcomers got a call from the midwest board.

Quarterbacks, especially, crowded into the spotlight.

In addition to Timberlake, Huarte and Snook, Bob Griese of Purdue, Rich Badar of Indiana, Harold Brandt of Wisconsin and Ernie Kellermann, who directed Miami of Ohio to a 28-27 upset of Northwestern were cited.

Kellermann was tabbed by board member Jim Ferguson of the Dayton, Ohio, News as "the best quarterback, by far, that I've seen this season."

Among last Saturday's defensive eye-catchers were safety George Donnelly of Illinois; a Purdue trio including end Harold Wells and tackles Jim Garcia and Jerry Shay; end Jim Conley and linebacker Tom Cecchini of Michigan; and end Aaron Brown of Minnesota.

Others remaining high on the midwest All-America checklist include ends Bill Spahr of Ohio State, John Henderson of Michigan and Bob Hadrick of Purdue; tackle Bill Yearby of Michigan; linebacker Jim Carroll of Notre Dame; and fullbacks Willard Sander of Ohio State, Tom Nowatzke of Indiana and Jim Grabowski of Illinois.

Rhodes Proclaims Mourning For Hoover

COLUMBUS, Ohio (AP)—The period from now to Nov. 18 has been proclaimed a time of mourning for former President Herbert Hoover by Gov. James A. Rhodes.

Rhodes directed that flags be flown at half-staff during the period of mourning for Hoover, who died Tuesday.

Humphrey Says Barry Aims To Destroy Achievements

ROCHESTER, N.Y. (AP) — Steering his campaign from the Midwest into the East, Sen. Hubert H. Humphrey contended today that Barry Goldwater aims "to destroy the social and economic achievements of the past generation."

The Republican presidential candidate, said Humphrey, repudiates bipartisan foreign policy, accepts the support of extremists and "alienates loyal and responsible members of the Republican party."

The Democratic vice presidential nominee rejuggled his schedule to attend the funeral services of former President Herbert Hoover. He plans to leave Rochester early this afternoon to attend the New York services.

In Rochester, Humphrey contended that Goldwater "preaches the doctrine of selfish irresponsibility — a doctrine uninformed by history, uncontrolled by reason and untempered by charity."

"It is this doctrine of selfish irresponsibility which appeals so directly to various extremist groups in America."

Humphrey's day started Wednesday in Paducah, Ky. He flew into Chicago's Midway Airport at nightfall before heading to nearby Gary, Ind., for a speech.

Blatt Plane Has Power Failure, But Lands Okay

PITTSBURGH (AP)—A chartered plane carrying Genevieve Blatt, Democratic candidate for the U.S. Senate, had an electrical power failure over the Youngstown, Ohio, Municipal Airport Wednesday.

An aide to Miss Blatt said the plane touched the field "then shot up in the air again fast and circled."

A fire engine, crash truck, police car and ambulance stood by as the craft approached the field again. This time it landed safely. The pilot used a mechanical lever to lower the landing gear.

Steubenville College Invites Area Seniors

Area high school seniors considering entering any college or university next fall have been extended an invitation to attend the third annual Preparation for College Day sponsored by the College of Steubenville Oct. 31. Faculty members who counsel and advise students on college careers also have been invited.

The entire program is arranged to provide guidance and advice to district and area young people, whether or not the student is interested in attending the College of Steubenville. The admissions and counseling staffs of the college, as well as heads of all departments, will be available in three morning sessions to offer advice and and answer questions.

There are no registration fees of any kind charged for these consultations beginning at 9 a. m. with a coffee hour.

FBI Not To Prosecute In Truck Theft Case

LISBON — Police were notified Wednesday that the FBI will not prosecute Lawrence Eugene Hagan, 32, of Kensington for theft of a truck of Kuhn's Hardware Oct. 8 from Lisbon.

The FBI said investigation showed Hagan escaped last April from the Cambridge State Hospital and it is expected the hospital will take custody.

Hagan was arrested in the stolen truck Oct. 12 in Philippi, W. Va., and police returned the truck but Hagan refused to waive extradition and the FBI was notified.

COLUMBUS, Ohio (AP)—The probation department has been ordered to make a case study before sentence is pronounced on David C. Osborn, former internal revenue agent charged with armed robbery.

Osborn, 46, pleaded guilty before Common Pleas Court Judge Kenneth L. Sater Wednesday to holding up a supermarket last March 3. He was captured before he could flee with $829 in loot.

Nurse's Body Found

Authorities Seek Solution To Trunk Murder Case

CLEVELAND (AP) — Authorities in Cleveland and Cincinnati sought to put together the pieces in the mysterious trunk murder of a young nurse from Kentucky who was home on vacation.

The body found crammed in a trunk at a railroad station was identified early today as Miss Wanda Cook, 23, of Bellevue, Ky. The bent-over body, covered partly by a green bedspread, was shot twice in the head.

Identification was made by the girl's brother, Thomas Cook, 19, a seminarian who recognized the clothing his sister was wearing when she left home last Thursday at noon.

"I'm pretty sure it's her," he told an attendant at the morgue where he viewed the badly decomposed body. Cook was to return later to examine a class ring the victim was wearing with the initials "W. M. C." and talk further with the Cuyahoga County coroner.

Cook, enrolled at St. Pius X Seminary in Erlinger, Ky., came to Cleveland at the request of his father, Everett, after the girl's body was discovered Wednesday in the trunk in a railroad baggage room.

In Cincinnati, meanwhile, detective chief Henry Sandman said police in Fort Thomas, Ky., were questioning a 21-year-old man who admitted having a luncheon date with Miss Cook Oct. 15.

The man, identified as Bob Abbott, told authorities he and the girl parted in mid-afternoon Oct. 15 and that was the last he saw her. He was not charged.

Cincinnati police are looking for a young, dark-haired Wave who, they said, delivered the trunk containing the body to the New York Central railroad station in Cincinnati last Friday.

Detectives said the Wave, a petty officer, is believed stationed in Pensacola, Fla., and had registered at the Sheraton-Gibson Hotel in downtown Cincinnati as Mary Sue Carter.

Investigators say it appears Miss Cook probably was slain Friday in a ninth-floor room at the hotel. They said a green bedspread was missing from a room where blood stains were found along with a tray from a foot locker and a small caliber bullet slug.

Miss Cook was last seen last Thursday in a Cincinnati restaurant and a night spot at Newport, Ky., across the river from Cincinnati. She was said to have been in the company of a young man named "Boy," whom she reportedly met a few days earlier.

Miss Cook had worked at the University of Kentucky Medical Center in Lexington since last March and her duties were mainly in the intensive care unit. Co-workers described her as a quiet, alert worker.

New York Central officials here said the trunk had been unclaimed since Saturday and when the odor became noticeable, it was decided to open it Wednesday.

Probation Requested By Man In Burglary

LISBON — A probation investigation was ordered by Common Pleas Judge Raymond S. Buzzard Tuesday for Robert Eugene Cusick, 27, of near Brownsville, Pa., formerly of Lisbon R. D. 2, who changed his plea to guilty to a charge of burglary in night season of Harry's Tavern in Salem last June 4.

Cusick, along with his brother, Richard Ellsworth Cusick, 23, of Lisbon R. D. 2, indicted in the same burglary, were apprehended by Harry C. Westfall, the tavern owner, as they were breaking in the tavern and were held until Salem police arrived.

Judge Buzzard ordered the investigation but advised Cusick he may not get probation because he has a record of previous offenses.

Farm Bureau Backs Milk Price Move

LISBON — The Ohio Farm Bureau is vigorously supporting the efforts of the Cleveland and Akron milk producer co-operatives to obtain a 25-cent premium for Class I milk for the Northeast Ohio area, D. R. Stanfield, executive vice president of the OFB, announced.

"All handlers with one exception have agreed to co-operate on the price increase to dairy farmers. It is unfortunate that one company has refused to grant the 25-cent premium and to join in the super-pool for distribution of the premium. Supply and demand conditions justify the price increase," Stanfield asserted.

"Proposal by this company to increase the price 10 or 15 cents to a few dairymen would be meaningless since the Federal Order price is expected to go up by at least that much in late October or November," he said.

"During the last year, the Farm Bureau has worked diligently to bring about a uniform milk marketing program in the Northeast Ohio, which would lay the ground work for increased prices to farmers.

"The guidelines for solution of this situation were pointed out in the Babb study sponsored by the Ohio Farm Bureau Federation. Until this situation is resolved, we will continue to work in the best interest of our dairy farmers in this part of the state, which includes Columbiana County," Stanfield concluded.

Nurse's Body Found

Authorities Seek Solution To Trunk Murder Case

CLEVELAND (AP) — Authorities in Cleveland and Cincinnati sought to put together the pieces in the mysterious trunk murder of a young nurse from Kentucky who was home on vacation.

The body found crammed in a trunk at a railroad station was identified early today as Miss Wanda Cook, 23, of Bellevue, Ky. The bent-over body, covered partly by a green bedspread, was shot twice in the head.

Identification was made by the girl's brother, Thomas Cook, 19, a seminarian who recognized the clothing his sister was wearing when she left home last Thursday at noon.

"I'm pretty sure it's her," he told an attendant at the morgue where he viewed the badly decomposed body. Cook was to return later to examine a class ring the victim was wearing with the initials "W. M. C." and talk further with the Cuyahoga County coroner.

Cook, enrolled at St. Pius X Seminary in Erlinger, Ky., came to Cleveland at the request of his father, Everett, after the girl's body was discovered Wednesday in the trunk in a railroad baggage room.

In Cincinnati, meanwhile, detective chief Henry Sandman said police in Fort Thomas, Ky., were questioning a 21-year-old man who admitted having a luncheon date with Miss Cook Oct. 15.

The man, identified as Bob Abbott, told authorities he and the girl parted in mid-afternoon Oct. 15 and that was the last he saw her. He was not charged.

Cincinnati police are looking for a young, dark-haired Wave who, they said, delivered the trunk containing the body to the New York Central railroad station in Cincinnati last Friday.

Detectives said the Wave, a petty officer, is believed stationed in Pensacola, Fla., and had registered at the Sheraton-Gibson Hotel in downtown Cincinnati as Mary Sue Carter.

Investigators say it appears Miss Cook probably was slain Friday in a ninth-floor room at the hotel. They said a green bedspread was missing from a room where blood stains were found along with a tray from a foot locker and a small caliber bullet slug.

Miss Cook was last seen last Thursday in a Cincinnati restaurant and a night spot at Newport, Ky., across the river from Cincinnati. She was said to have been in the company of a young man named "Boy," whom she reportedly met a few days earlier.

Miss Cook had worked at the University of Kentucky Medical Center in Lexington since last March and her duties were mainly in the intensive care unit. Co-workers described her as a quiet, alert worker.

New York Central officials here said the trunk had been unclaimed since Saturday and when the odor became noticeable, it was decided to open it Wednesday.

Probation Requested By Man In Burglary

LISBON — A probation investigation was ordered by Common Pleas Judge Raymond S. Buzzard Tuesday for Robert Eugene Cusick, 27, of near Brownsville, Pa., formerly of Lisbon R. D. 2, who changed his plea to guilty to a charge of burglary in night season of Harry's Tavern in Salem last June 4.

Cusick, along with his brother, Richard Ellsworth Cusick, 23, of Lisbon R. D. 2, indicted in the same burglary, were apprehended by Harry C. Westfall, the tavern owner, as they were breaking in the tavern and were held until Salem police arrived.

Junior Editors Quiz on ELEPHANTS

QUESTION: Do elephants go to a burial ground to die?

★ ★ ★

ANSWER: This question embodies one of the four ideas people often have about elephants, the other being (1) an elephant never forgets, (2) they are mortally afraid of mice and (3) an African elephant can never be trained. Let's take them up one by one. (1) Elephants do have good memories, but it's ont true they never forget. To be trained, an elephant first has to be bound and put on short rations, yet he soon forgets about this rough treatment. (2) Keepers in zoos report that elephants pay no attention to mice. (3) It is true the African elephant is larger and wilder than his Indian cousin, but he can be trained. To prove this: the world famous Jumbo, ridden by thousands of children, was an African elephant. (4) This is the most persistent rumor about elephants. Many naturalists and hunters have searched the places where elephants live for signs of elephant graveyards. But since none has ever been found, this is considered to be just another legend.

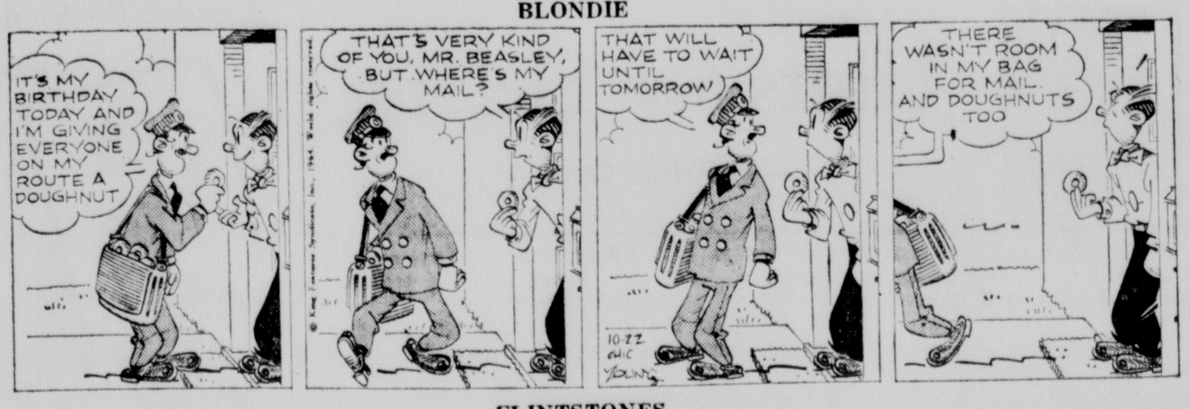

★ ★ ★

FOR YOU TO DO: You can tell the elephant in the center is the African kind because of his huge ears—much larger than those of the Indian elephant. Find some pictures of elephants and identify the two kinds.

Hints from Heloise

— By Heloise Cruse —

Heloise Dear: Just HOW can I unmold a gelatin salad? Mine tears and looks as if it were never in a mold.

Hon, try greasing your mold with mayonnaise! And never pour your hot gelatin into the mold immediately. Let it cool a bit first. Then the heat won't melt the mayonnaise.

After it has congealed, turn the container over and run some hot tap water over the back of the mold. It will loosen beautifully. Sometimes, if you have greased it enough, a small TAP on the pan shakes it loose.

If your salad is large . . . try setting it in a pan of hot water until it loosens. Then dry the bottom of the pan and turn it over on a plate.

HELOISE.

DEAR HELOISE: When I hang colored clothes outside to dry and have no shade to hang them in, I simply turn them wrongside out to keep them from fading.

DONNA.

DEAR HELOISE: You know how easily hardwood floors are marred.

I have a tank-type sweeper, so I tied an old undershirt over the metal slides (that scraped the floor as I dragged the sweeper along) and now I can pull it anywhere without scratching my pretty, shiny floors.

In fact, the undershirt helps to polish them.

NELLIE GALLO.

DEAR HELOISE: I have found that having a pencil available at all times is a great time-saver.

The way in which I have accomplished this is to buy two or three dozen at a time, sharpen them all, and put them in a container by the telephone.

The house is soon so saturated with pencils that it is always possible to find one!

KATHERINE J. MOUTOUX.

—:—

DEAR HELOISE: Please tell your readers who are on a budget not to throw away the outsides leaves of a head of cabbage.

These leaves are wonderful to use when making a meat loaf. Use the usual meat loaf recipe that your family loves and roll it into egg-size balls. Then wrap each ball in a cabbage leaf, stab with a toothpick, put in a foil-lined baking pan, place in your oven, and cook as you would ordinarily cook a meat loaf.

The cabbage will give the meat an entirely new flavor. Your family will love it because it's different and not the ordinary meat loaf.

JEANNE HOLT.

DEAR FOLKS: I just tried this.

Surely changes the ordinary hamburger into something new.

I cooked my cabbage-wrapped meat balls in a covered casserole and they were delish.

Also found out when making a BIG meat loaf that you could lay cabbage leaves over the top while cooking and remove them about 15 minutes before done to allow for browning. Great!

HELOISE.

DEAR HELOISE: With four little ones in snowsuit jackets with drawstrings that were forever untied, I found it more convenient to remove the string in the hood and replace it with a piece of elastic, just long enough to fit the hood snugly around the child's face.

I then sewed the ends of the elastic securely at each opening (sometimes it is necessary to sew a spot at the center of the top), and now, no more dangling strings, but a neat and snug-fitting hood.

Rep. Taft Calls For Strong Social Security System

CLEVELAND (AP) — Rep. Robert Taft Jr. has called for a strong Social Security system —"one whose benefits must be kept current with increased living costs."

The Republican U.S. Senatorial nominee from Cincinnati asserted Wednesday night that the system was unappropriate for Medicare aid to the elderly.

A better way to aid the elderly who are unable to pay for such care, Taft said, would be through special treasury certificates and tax credits to be used to buy private coverage.

He then proposed this question to members of the Management Club of Greater Cleveland:

"Do we really need another huge federal bureaucracy spending directly from Washington vast amounts on administration to take over and control our medical assistance programs?

"I believe there are more desirable alternatives."

Taft, who is opposing Democratic incumbent Stephen M. Young of Cleveland, declared that America's foreign aid program should not be a "mere giveaway."

The Ohio Congressman - at-large expressed support for the principle of foreign aid. But he insisted that such help should be cut to what he called more reasonable levels.

2-Car Crash Fatal

MARIETTA, Ohio (AP) — James Harold Hawkins, 32, of Marietta was killed Wednesday night in a two-car head-on crash on Alt. U.S. 50 about two miles east of here. The other driver, William Lloyd Ray Jr., 25, of Tulia, Tex., was treated at Marietta Memorial Hospital and released.

Hike Social Security Benefits, Bolton Asks

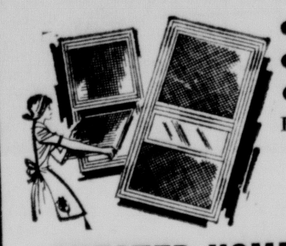

MAUMEE, Ohio (AP) — Republican Rep. Oliver P. Bolton feels the next Congress should act quickly to increase Social Security benefits.

Bolton, GOP candidate for Ohio Congressman - at - large, said Wednesday night an increase in Social Security benefits is needed to offset higher living costs to pensioners.

He repeated his charge that the Johnson administration was responsible for defeat of the 1964 Social Security bill because it had added a Medicare rider to it.
